RELATED EXPERIENCE

Cognizant Technology Solutions

Mumbai

Junior Software Engineer

Jul 2022 – Sep 2024

- Developed and optimized a real-time messaging web app, improving message load times by 25% through efficient React component design and lazy loading.
- Built and maintained dynamic, interactive user interfaces using React.js, HTML5, JavaScript, and CSS, enhancing user engagement.
- Created reusable components and streamlined the front-end codebase, reducing development time for future features and improving maintainability.
- Wrote clean, efficient, and well-documented code that improved team collaboration and reduced onboarding time for new developers.

Web Developer Intern

Education 4 All

Mumbai

Aug 2021 – Oct 2021

- Assisted in developing an educational web platform, optimizing page load speed by 20% using HTML, CSS, and JavaScript. Built responsive web pages with HTML5 and CSS3, ensuring a seamless experience across various devices.
- Implemented interactive features using JavaScript, enhancing user engagement and functionality.
- Collaborated with the team to debug and troubleshoot issues, improving site stability and performance across major browsers.

PROJECT EXPERIENCE

Cognizant Technology Solutions

Mumbai

Frontend Developer

Sep 2022 – Sep 2024

- Ensured seamless responsiveness and cross-browser compatibility, delivering a consistent experience across mobile and desktop platforms.
- Debugged and resolved complex application issues, improving app stability and reducing bug reports by 30%. Led cross-browser testing and performance tuning efforts, ensuring the application maintained a high level of performance across major browsers (Chrome, Firefox, Safari).
- Collaborated closely with back-end developers and UI/UX teams to integrate real-time data updates and ensure smooth feature delivery on schedule.

Certifications

Mumbai, Aug 2023

Microsoft

- Microsoft Azure Fundamentals Az-900
