Jaipur, RAJ | +91 9799921790 | manvendra1601@gmail.com

EDUCATION

MANIPAL UNIVERSITY JAIPUR

Bachelor of Technology

Major: Computer and Communication Engineering

Minor: Data Science

CGPA: 8.9/10.0

Jaipur, RAJ

2019-2023

WORK EXPERIENCE

COMVIVA TECHNOLOGIES LTD

Product Development Engineer

Gurugram, HR

Jul 2023 – Present

- Designed and implemented UI modules for the **BlueMarble** project using **React.js**, reducing page load times by 20% and enhancing user engagement.
- Integrated **RESTful APIs** and **Redux Toolkit** for state management, decreasing data fetching times by 15% and improving application responsiveness.
- Built reusable components, reducing code duplication by 25% and simplifying maintenance across multiple modules.
- Customized client environments, achieving a 95% satisfaction rate based on client feedback.
- Worked with **PuTTY**, **WinSCP**, **Docker** and **Jenkins** pipelines to build and deploy images.
- Enhanced existing components with modern features, resulting in a 30% improvement in application performance and a 15% boost in user satisfaction.
- Implemented Role-Based Access Control (RBAC), ensuring secure and scalable access management for 500+ users across multiple roles.
- Designed and developed backend APIs and Cron processes using the **Quarkus framework (Java)** for the **Number Management System**, ensuring efficient and reliable number operations.
- Leveraged **DBeaver** for database management and operations, streamlining data handling and enhancing system performance.

GENUS POWER INFRASTRUCTURE LTD (A Metering Solutions Company)

Data Scientist Intern

Jaipur, RAJ

Dec 2022 – Apr 2023

- Analyzed Smart Meters in London dataset using **Python** and **Pandas**, leading to a 12% improvement in energy forecasting accuracy based on factors like locality and household income.
- Derived critical insights into customer behavior patterns, enabling targeted energy-saving initiatives that reduced overall consumption by 10% during weekends and holidays.
- Developed a Single Page **Django** application to auto-fill MRD documents using contextual embeddings, reducing manual data entry time by 30% and improving document accuracy by 25%.

PROJECTS

BlueMarble, CRM 2023-Present

- Developed core modules of the BlueMarble CRM application, enhancing tracking of B2B and B2C customer interactions, resulting in a 25% increase in project delivery period telecom companies, increasing client satisfaction.
- Implemented inventory and order management features, streamlining billing processes by 15%.

SKILLS

- Programming Languages:** JavaScript, TypeScript, Java, Python, SQL
- Frameworks & Libraries:** React.js, Quarkus, Redux Toolkit, Django
- Tools & Technologies:** RESTful APIs, Docker, JWT Authentication, Git, GitLab, Jira, DBeaver
- Data Science Tools:** Pandas, NumPy, Matplotlib
- Deployment & Development Tools:** PuTTY, WinSCP, Docker

ACHIEVEMENTS

- Ace Awards (Internal) 6 in 2024
- Unit Leader's Discretionary Award Apr 2024
