

Shubham Tadas

shubhamtadas828@gmail.com | +91-7745090172 | github.com/shubhamtadas | linkedin.com/in/srtadas | Pune, India

Skills

Programming Languages: JavaScript, TypeScript, MongoDB

Frontend Technologies: React.js, Redux, HTML, CSS, Webpack

Backend Technologies: Node.js, Express.js

Testing & CI/CD, Version Control & Tools: Jest, Jenkins, Git, GitLab, Microservice, REST API

Work Experience

Software Engineer | Pratiti Technologies, Pune (July 2022 - Present)

Technologies: React.js, JavaScript, Node.js, Jest, Webpack, Git, Jenkins

- Worked with **Siemens Digital Industries** on SWF (Siemens Web Framework) built on top of **React.js** library to streamline user workflows and improve efficiency.
- **Developed custom components** within the Siemens Web Framework, enhancing **code reusability by 30%**.
- Created component can be used across all Siemens products, **reducing development time by 20%** and improving consistency in application features.
- **Integrated reusable components** into the Teamcenter (Enterprise Grade Application), enabling seamless adoption across multiple products.
- Designed **RESTful APIs** to facilitate communication between the frontend and backend, streamlining data exchange and ensuring efficient integration with Siemens existing services.

Software Engineer Intern | Pratiti Technologies, Pune (Jan 2022 - Apr 2022)

Technologies: HTML, CSS, React.js, JavaScript, Git

- Crafted UI/UX components for the admin panel, leveraging **React JS and JavaScript** to deliver a 30% boost in user engagement.
- Designed and implemented comprehensive unit and integration tests using Jest, resulting in crystal-clear **documentation** and a 25% enhancement in team efficiency, alongside a **15% reduction in bugs**.

Project Work

Employment Management System

- Developed a clean and interactive UI using **React.js** and **Tailwind CSS** for a seamless user experience.
- Implemented reusable **components** such as employee cards, dashboards, and forms for data management.
- Utilized **Redux / Context API** for managing application state efficiently.
- Integrated **RESTful APIs** with Axios to fetch and update employee data in real-time.

React Storybook

- Developed **React Storybook**, an **interactive UI development tool** for **isolated component building & testing**.
- Built and tested React components in isolation without needing full app integration.
- Documented components with **JSX controls, props, and actions** for better reusability. Integrated with **React, Tailwind CSS, and third-party UI libraries**.

Education

K. K. Wagh Institute of Engineering Education and Research, Nashik

B.E. in Computer Science & Engineering | Aug 2018 - Jun 2022 | CGPA: 8.93/10

Achievements

- Received 'Outstanding Contributor Award' for accelerating UI development in Siemens Web Framework by 30%
- Finalist in Smart India Hackathon 2022 at college level, where our team developed a React-based job portal.
