

PAVANKUMAR BANDI

Frontend Developer

+91 9769722509 • pavanbandi1888@gmail.com • linkedin.com/in/pavanb1999/ • Mumbai, India

Summary

Frontend Developer with 4 years of hands-on experience specializing in React.js, known for delivering clean, modular, and maintain code. I excel in transforming design mockups into responsive, high-performance web applications using modern JavaScript frameworks and best practices. Eager to expand my expertise and embrace a more holistic approach to development, I am actively learning backend technologies such as Node.js with the goal of becoming a full stack developer.

Skills

Programming languages: JavaScript (ES6+) • HTML • CSS

Frameworks & Libraries: React.js • Redux • React-Router • Tailwind CSS • Bootstrap • Material-UI • Shadcn UI

UI Development: HTML5 • CSS3 • Responsive & Adaptive Design

Databases & State Management: Firebase • Supabase • MySQL • MongoDB

Middleware: RESTful APIs • Axios • Fetch API

Others: Git • Github • Figma • Vite

Soft Skills: Effective Communication • Adaptability • Critical Thinking • Team Collaboration

Experience

Team Computers

Mumbai, India

Frontend Engineer

04/2022 - Present

- Developed and maintained a high-performance single-page application using React, reducing load times by **30%** through performance optimization techniques like **lazy loading**.
- Implemented responsive design, ensuring compatibility across multiple devices and browsers, boosting user engagement by **25%**.
- Developed and maintained code quality through rigorous testing and debugging, reducing bug rate by **15%**.
- Integrate RESTful APIs and third-party services, ensuring smooth data communication between frontend and backend systems.
- Write clean, maintainable, and testable code by following industry best practices; conduct regular code reviews.
- Collaborate with UI/UX team, backend team, and contributing to the planning and development of new features and enhancements.

Accenture

Mumbai, India

Software Engineer

01/2021 - 03/2022

- Developed and maintained a job portal platform using React.js, supporting features like job posting, editing,auth and application management.
- Designed responsive UI components using Tailwind CSS, achieving a **30%** improvement in page load times and user engagement across devices.
- Built an admin dashboard with functionalities like role-based access control, profile editing, and viewing applied jobs.
- Leveraged RESTful APIs to enable real-time updates and efficient data synchronization between frontend and backend.
- Worked collaboratively with senior developers to troubleshoot and debug issues, ensuring timely delivery of project milestones.

Education

University of Mumbai

Mumbai, India

Bachelor of Science in Information Technology

2017 - 2020

Certification

Full Stack Web Development Bootcamp with MERN Stack — Udemy
