EXPERIENCE

AMK Solutions | *Frontend Developer*

07/2023 - Present

- Developed and implemented a visa appointment scanning feature to display appointment details, including visa center and appointment status, achieving 96% accuracy and significantly improving process efficiency and accuracy.
- Collaborate with back-end developers to integrate third-party services and RESTful APIs, improving application functionality and user experience.
- Debug code to identify and resolve issues, enhancing functionality by thoroughly reviewing and correcting code logic and errors.
- Actively participate in Agile development cycles, including sprint planning, daily stand-ups, and code reviews, ensuring timely and high-quality delivery of features.

Testbook Edu Solutions | *Software Developer*

09/2022 - 05/2023

- Developed and implemented front-end strategies to enhance website performance by applying optimization techniques such as code minification, image compression, and improved page load times.
- Created and maintained technical documentation for the front-end codebase, streamlining the onboarding process.
- Applied SEO best practices and optimization techniques to improve web application speed, scalability, and overall website performance.

Rapid Web Solutions | *UI Developer*

08/2021 - 09/2022

- Translated design mockups into interactive, pixel-perfect user interfaces, improving user experience and increasing engagement.
- Developed responsive, mobile-first designs that provided smooth, consistent user experiences across devices and ensured cross-browser compatibility.
- Utilized version control systems like Git to collaborate effectively with teams, manage code changes, and maintain project accuracy.

Sterling Talent Solutions | *Specialist*

08/2017 - 04/2021

- Resolved client and applicant inquiries promptly, improving client satisfaction through effective communication.
- Conducted thorough quality checks and prepared audit reports to ensure compliance with client requirements.

Concentrix | *Customer Service Representative*

06/2016 - 08/2017

- Effectively managed escalated customer complaints, ensuring swift and satisfactory resolution to maintain service quality.
- Collaborated with internal teams to expedite issue resolution and enhance the overall customer experience.

PROJECTS

E-cart - E-commerce website

React | Tailwind | Redux | React-Router
