Experience

TCS

August 2023 – Jan 2025

Software Engineer - Frontend - ReactJs, JavaScript

Bangalore, KA

- Led the transition from **DRA9 to DRA10**, enhancing **platform performance by 36%** and consolidating **five global domains** (Europe, Africa-ME, Asia-Pac, America, VSAT) into a unified, user-friendly interface.
- **Implemented React i18n** for seamless **language translation** across all modules, improving **user accessibility** and **engagement**, which contributed to a **28% increase in revenue** during the transition from **DRA9 to DRA10**
- Contributed to **code optimization**, **60+ bug fixes**, and **code quality improvements**, resulting in a more streamlined **user experience**.

TCS

May 2022 – June 2023

Associate System Engineer

Bangalore, KA

- Communicated effectively with **international clients** via **email, chats, and calls**, consistently exceeding **performance metrics**, contributing to a **13% increase** in the customer base and an **8% boost** in project revenue.
- Managed **34+ bundles** on **ServiceNow**, overseeing **account, group, GRM**, and **DL management**, while collaborating with **cross-functional teams** for complex requests and ensuring **timely resolutions** using tools like **DRA, IMS**, and **IDP AD query**.
- **Enhanced customer satisfaction** by resolving **150+ inquiries weekly**, building **trust through effective communication channels** with **international clients**, and contributing to a **notable increase in overall project revenue**.

Appcentric

Jan 2022 – July 2022

SDE Intern - ReactJS, Material UI

Navi Mumbai, Maharashtra

- **Developed a user-friendly eCommerce webApp** using **ReactJS**, improving operational efficiency by **33%** through intuitive **modules for categories, products, and store management**. Introduced a **Shipping feature** for streamlined **order processing** and enhancing user navigation and visual appeal.
- **Applied advanced React concepts**, in the development process, including **state management**, **class-based components**, and the **Context API**. Ensured a visually appealing design by utilizing **modular CSS** and **Material UI components**, which improved user engagement by **27%**.

Technical Skills

Languages: JavaScript, TypeScript, C++

Frameworks/Library: ReactJS, NextJS

Web Technologies: Tailwind CSS, Material UI, Redux, HTML5, CSS3, Bootstrap, jQuery, ThreeJS (exploring)

ServiceNow: ITSM (Incident, Request, Program), Automation

Dev Tools: Git, GitHub, VS Code

Projects

Event Management Platform | ReactJS, Javascript, Tailwind CSS

[Repo Link](#)

- Styled using **Tailwind CSS**, for quick, responsive design, ensuring **consistent styling** and **easy customisation** across components, which enhances both **aesthetics** and **user experience**.
- Includes **user-friendly functionalities** like **adding, updating, and deleting events**, powered by **React Context** and **useReducer**, enabling smooth **state management** and making the codebase highly **scalable**.

DynamicFormGenerator | ReactJS, Typescript, Tailwind CSS

[Repo Link](#)

- **Designed and implemented a dynamic form generator** using **React**, **TypeScript**, and **Tailwind CSS**, featuring a split-screen interface with real-time JSON validation and form preview.
- **Used custom hooks and React Hook Form** to efficiently manage **form state, validation**, and **dynamic rendering**, while incorporating a **light and dark mode toggle** for improved user experience and enabling seamless **data submission to console.log()**.

Education

Bangalore Institute of Technology, Karnataka

Jan 2023 – Feb 2025

Masters of computer applications — 8.5 CGPA

Bangalore, KA

Vinoba Bhawe University, Jharkhand

Aug 2018 – July 2022

Bachelors of computer applications — 8.13 CGPA

Hazaribagh, JH
