PROFESSIONAL SUMMARY

Results-driven Frontend Developer with hands-on experience in Angular and React. Passionate about building responsive and user-friendly web applications. Skilled in developing and implementing frontend solutions for SD-WAN technologies. Adept at collaborating with cross-functional teams to deliver efficient and scalable applications.

Education

B.E. CSE – Mahendra Engineering College

2019 – 2023

CGPA: 7.98 / 10

Namakkal, TN

Vani Vidyalaya Matric.Hr.Sec.School

2015 – 2017

Percentage: 75%

Namakkal, TN

WORK EXPERIENCE

FrontEnd-Developer

Yavar Tech Works Private Limited (2023 – Present)

- Built responsive and user-friendly web interfaces using HTML, CSS, JavaScript, Angular, and React js .
- Designed and implemented dynamic features, improving user engagement and experience.
- Proficient in performing CRUD operations to manage application data effectively.
- Integrated REST APIs and collaborated with teams to ensure seamless functionality.
- Debugged and resolved front-end issues, reducing user-reported bugs .
- Used Git for version control and maintained clean, efficient code.
- Worked on the monitoring tools like Telegraf, InfluxDB and Grafana

Project

Chiefnet (Angular)

- Developed and implemented frontend features for Chiefnet, an SD-WAN solution that enabled secure data transmission between company branches
- Enhanced user experience by simplifying application restriction processes through intuitive design.
- Implemented features to monitor and restrict specific applications and websites through the device, along with several other functionalities tailored to enhance network security & efficiency

5G Lab as a Service (React js)

- Developed a web-based platform to manage and simulate 5G lab environments.
- Optimized real-time monitoring of 5G network performance and resource allocation
- Developed a user-friendly dashboard for real-time visualization of network metrics, enabling efficient monitoring and troubleshooting of 5G lab environments..
- Provided cloud-based remote access for seamless testing and development.

Skills

Languages: JavaScript, Typescript, HTML, CSS.

Frameworks: Angular , React js

Developer Tools: Git, VS Code

Monitoring Tools: Telegraf, InfluxDB and Grafana

Soft Skills: Adaptability, Teamwork, Project Management, Dedication.
