PROFILE

Enthusiastic Junior Developer with 2 years of experience working in front-end development and a strong foundation in HTML, CSS, and JavaScript. Eager to continuously grow technical skills and adapt to emerging web technologies. Experience building responsive, cross-browser-compatible websites using React and Vue.js, while focusing on delivering great user experiences. Excellent collaborator with a passion for problem-solving and a commitment to writing clean, maintainable code. Excited to bring creativity and technical expertise to a new team and take on new challenges in web development

WORK EXPERIENCE

Shree Chankya Education Society (IGI) , Pune 2022- PRESENT

Website Developer & Front-End developer

- Developed and maintained responsive websites using HTML5, CSS3, and JavaScript, delivering visually appealing and user-friendly web applications.
- Collaborated with UI/UX designers to transform wireframes and prototypes into functional, interactive web pages, ensuring design alignment.
- Built dynamic and responsive user interfaces using React.js, enhancing load times and improving overall user experience.
- Integrated front-end code with back-end systems via APIs, ensuring seamless data flow and optimal performance.
- Improved web performance through image optimization, lazy loading, and minification, reducing page load times by up to 30%.
- Ensured cross-browser compatibility across major browsers (Chrome, Firefox, Safari), enhancing website accessibility.
- Utilized Git and GitHub for version control, participating in code reviews and fostering collaboration within development teams.
- Conducted user testing and debugging, resolving UI and cross-platform issues, leading to a 20% increase in user satisfaction.

EDUCATION

Bachelor of Computer Applications

2017- 2021

ICCS Pune | SPPU University

GPA: 6.2
