- **HARD SKILLS:** HTML , CSS , JavaScript , React , Node.JS , Express.JS , MongoDB , API , RestAPIs , Tailwind CSS , BootStrap , Postman , Git , GitHub .
 - **SOFT SKILLS:-** Problem solving , Teamwork , Communicaton , Learner ,
-

PROJECT

Movieo - Movie & TV Show Rating Platform (MERN Stack)

Movieo is a full-stack movie and TV show rating site developed with the MERN stack (MongoDB, Express.js, React.js, Node.js), providing users with the option to rate, review, and manage their favorite titles. The site has user authentication, a saved favorites' wishlist for saving favorites, and a responsive, new-generation UI for easy navigation on any device. Using JWT for secure authentication and MongoDB for optimized data storage, Movieo provides an efficient and pleasant user experience.
