

DINESH YADAV

Front End Developer

+ 91 8097230235 @ dineshy56@gmail.com [LinkedIn](#) Mumbai, India

SUMMARY

A UI development professional with over 9 years of experience in UI development and team leadership, skilled in ReactJS, Next.js, VueJS, JavaScript frameworks, and responsive web design. Proven ability to lead teams in building high-quality user interfaces and driving UI development for a learning management system. Seeking a Senior UI Software Developer role to apply my expertise in ReactJS, Next.js, and user-centric design to create innovative and scalable solutions.

EXPERIENCE

Senior UI Software Developer 02/2022 - Present
Houzeo India Mumbai, India

A company focused on creating streamlined real estate solutions through innovative technology.

- Oversaw code reviews, ensuring adherence to coding standards, best practices, and design guidelines.
- Coordinated with project managers and stakeholders to align on project goals, deliverables, and timelines.
- Developed complex UI components and interactions using modern front-end technologies, including JavaScript (ES6+), Vue.js, HTML5, and CSS3.
- Ensured cross-browser compatibility, responsiveness, and performance optimization of web applications.
- Mentored junior team members by providing technical guidance, conducting code reviews, sharing industry best practices, and supporting their professional growth.
- Conducted regular team meetings and sprint reviews to track progress, address issues, and celebrate achievements.

Associate Frontend Developer 04/2019 - 01/2022
The Minimalist Mumbai, India

A digital consulting firm that creates strategic design and innovative solutions.

- Spearheaded the creation of UI for the learning management system, utilizing Vue.js, Vuex, and Element-UI libraries to craft responsive and consistent web pages.
- Developed modular components for use across web pages, enhancing scalability and maintainability.
- Optimized front-end code to reduce page load times and improve performance (e.g., image compression, lazy loading, code minification).
- Worked closely with UX/UI designers to ensure designs are implemented correctly and deliver a consistent user experience.
- Tested front-end code for functionality, performance, and compatibility across different browsers and devices.

UI Developer 04/2017 - 03/2019
Hepta Mumbai, India

A company specializing in providing web and mobile solutions.

- Built visually appealing and user-friendly interfaces using HTML, CSS, JavaScript, and other front-end technologies.
- Ensured seamless interaction between the UI and the backend systems to deliver dynamic content.

EDUCATION

Bachelor of Engineering 06/2010 - 05/2013
Thakur College of Engineering and Technology Mumbai

Diploma in Computer Engineering 06/2007 - 05/2010
Pravin Patil College of Diploma Engineering & Technology, MSBTE Mumbai

STRENGTHS

- Frontend Development**
A highly skilled and versatile Frontend Developer focused on enhancing user experience, improving performance, and building responsive web applications.
- Team Leadership**
Experienced in leading teams and mentoring junior members, ensuring adherence to best practices.

Lead a team of UI developers in designing and implementing high-quality user interfaces, providing mentorship and guidance to junior developers.
