Other Technologies used: Figma, Visual Studio Code, Sublime Text.

Organizational Experience

Senior Software Developer

Analytics Fox Softwares Limited

Mar 2021 - Current

Sanpada, Navi Mumbai

- **Implemented advanced encryption** to ensure **user data security** and privacy.
- **Applied VAPT (Vulnerability Assessment & Penetration Testing) standards** to strengthen security and protect **sensitive user data** from potential threats.
- **Developed a dynamic product architecture** that allows a **single codebase** to be adapted for **multiple projects**. Successfully implemented the **ezLending platform** for **Amrit Malwa Capital** and **Lord Fincap Ltd.**, customizing it to meet their **specific business needs**.

Software Developer

Fyntune Solution

Jul 2020 - Jan 2021

Turbhe, Navi Mumbai

- **Developed responsive web applications** using **React.js, JavaScript, HTML, CSS** and implementing **user-friendly interfaces**.
- **Coordinated deployments** of new software, feature updates, and fixes.

Projects

1. Muthoot Capital (Two Wheeler/Personal Loan)

Developed a robust web application from scratch to streamline the loan application process for two wheelers and personal loans. The project emphasized creating a secure, user-friendly, and scalable platform for users to apply for, track, and manage loans efficiently.

- Designed and built a **secure, user-friendly, and scalable** web application from scratch to streamline the **loan application process for two-wheelers and personal loans**. The platform allows users to **apply for, track, and manage loans efficiently**, ensuring a seamless experience from application to disbursement.
- **Implemented encryption techniques** to secure tokens and sensitive user data.
- **Conducted Vulnerability Assessment and Penetration Testing (VAPT)** to ensure efficient data protection and application resilience.

2. Ezlending (Two Wheeler/ Three Wheeler/ Consumer Durable/ Loan Against Property/ Personal Loan)

Ezlending served as the **parent product** for the company, providing a **scalable and adaptable foundation** for managing various loan categories. It streamlined the **entire loan lifecycle**, from initial application to disbursement, ensuring efficiency and ease of use across multiple projects.

- **Worked closely with the backend team** to streamline **API request and response handling**, enhancing data flow and system performance.
- Used the core product to **simultaneously develop and launch** projects like **Amrit Malwa Capital Limited, Lord Fincap**, and others.

Incorporated **dynamic content** to customize solutions for each platform.

3. Connexdoor

Connexdoor is an **investment platform** designed to facilitate seamless interactions between **investors and startup founders**. The platform enables back-office teams to register investors and founders, manage investment transactions, and track startup funding progress in real time.

- Designed and implemented **responsive and user-friendly UI screens** to enhance the investment experience.

Education

Master of Computer Applications

Sterling College of Arts, Commerce & Science

Mar 2020

Seawoods, Navi Mumbai

Bachelor of Science: IT

Yashvantrao Chavan College of Arts, Commerce And S

Apr 2017

Koperkhairne, Navi Mumbai

Accomplishments

- **Star Performer of the Year (2022-2023)** – Awarded by **AnalyticsFox Softwares Ltd.** for outstanding performance and contributions.
- **SuperHeroes Award of the Year (2021-2022)** – Recognized by **AnalyticsFox Softwares Ltd.** for exceptional dedication and impact.
- **Client Recognition & Reward** – Received a **fully sponsored trip to Shimla-Manali** from the client for **exemplary performance and successful project delivery**.
