Viraj Jaulkar

Visual Designer

Resume

Hello there, it's nice to meet you!

I am Viraj, a visual designer and an illustrator based in Nagpur, India, specializing in visual design and illustrations. I run a creative design studio focused on conceptual illustration, brand identity, logo design, social media marketing creatives, packaging design, and 2D animated videos, among other services. With over 8 years of experience, I have worked with a diverse range of clients globally.

My portfolio includes the diverse work of design along with some collaborative projects with prominent brands such as KFC, Coca-Cola, Spotify, Google Cloud, and United Colors of Benetton (UCB).

I am now seeking new opportunities to advance my career in a rewarding position at a dynamic organization.

Brand Collaborations

KFC India

600 KFC Stores Celebration

Celebrating 600 stores, KFC gave their Indian fans a taste of local flavors through artwork for Goa, Nagpur, and Nasik. In Goa, the design captures the vibrant carnival spirit with colorful masks and Portuguese homes against beach backdrops. Nagpur shines bright in fiery orange tones representing the "Orange City." Nasik transports you amidst lush vineyards where grapes hang heavy on vines, potters' wheels spinning tales of heritage.

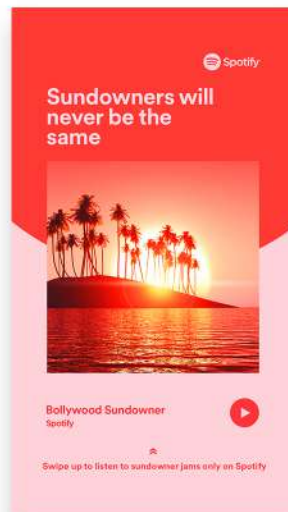

Spotify India

Spotify's Summer Ad Campaign

Spotify's summer campaign celebrates the season through a fresh, energetic design approach aligned with its brand identity. Visuals fuse Spotify's signature green with warm summer hues utilizing abstract graphics, outdoor lifestyle imagery, and bold type with clear CTAs promote's new playlists and offerings. The clean visuals evoke an upbeat, sunny vibe befitting Spotify's innovative brand.

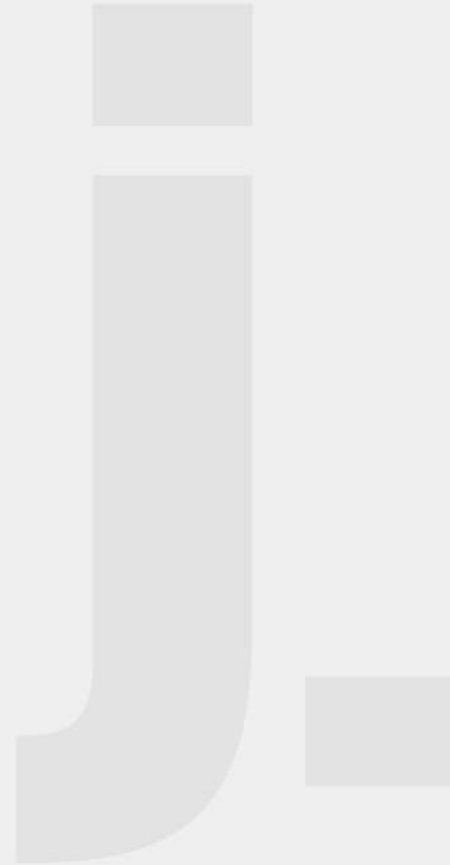

Coca-Cola

Diwali Campaign

For Coca-Cola India's "Milke Hi Manegi Diwali" campaign, our illustration fuses Western and Indian cultures. It shows two friends - one in kurta-pajama with sneakers holding a Coke, the other in crop top, denim jacket and lehenga with sweets. The vibrant artwork depicts modern Indian youth abroad embracing heritage while celebrating Diwali's unity despite being away.

Visual Identity

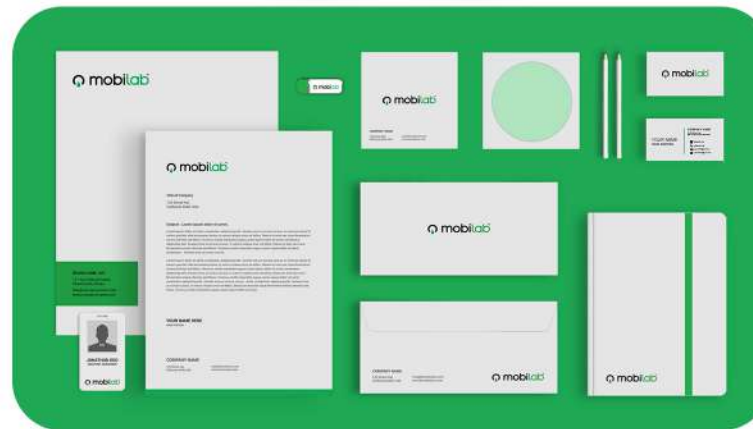

Mobilab

Logo & Visual Identity Design for Healthcare brand

After the initial meet with the client, I first focused on creating logo that resonates their desire for accuracy, human body, digital connectivity, progress and accessibility to be incorporated in the design. I believe in designing consistent and creative solutions for our clients. Through out all the designs I have tried to make my client's logo to highlight and a strong visual identity to be maintained.

Logo design process

1. Accuracy The outer ring resembles a gauge with markings, and the teardrop shape acts like a needle pointing to a specific value, suggesting precision.
2. Drop The teardrop shape can also represent a drop of liquid, possibly blood, urine, or another bodily fluid used for testing, hinting at the analysis of sample.
3. Digital connectivity The outer ring vaguely resembles a Wi-Fi, Bluetooth or wireless connectivity.
4. Progress The upward movement of the teardrop could symbolize fast movement towards up and the outer ring is like an arrow.
5. Accessibility Like a ripple, as a drop falls in the water, there is a ripple effect which spreads in all direction.

One New Experience

Logo, Packaging & Visual Identity Design

One New Experience is an Indo-Hungarian fusion restaurant located in Nagpur, India. It is the city's first establishment to offer this unique culinary blend. The restaurant was founded with the goal of introducing Nagpur's diners to the rich flavors and traditions of Hungarian cuisine, while also incorporating local Indian ingredients and cooking techniques.

Palash International

Logo & Visual Identity Design

Palash International is a leading player in the international agro-commodity trading sector, specializing in the trade of high-quality agricultural products such as rice, pulses, soybeans, spices, and avocados. Purpose of the Brand Guidelines These guidelines serve as a comprehensive manual for maintaining brand consistency across all platforms and communication channels. They ensure that the brand's identity, voice, and visual elements are used correctly and effectively.

PUSHP

Pushp

Logo & Visual Identity Design

Pushp offers a premium line of fragrance sticks designed to evoke a sense of tradition and timeless elegance. Our sticks are crafted with high-quality essential oils and natural ingredients, providing a long-lasting and sophisticated scent experience for your home.

The packaging is deeply rooted in classic design, inspired by traditional artistry from around the world. Each fragrance stick is encased in beautifully detailed boxes featuring vintage patterns, ornate motifs, and rich textures.

The H Cafe

Logo, packaging & Visual Identity Design

The branding and marketing collateral for "The H Cafe" should consistently reflect the energetic, sporty theme of the cafe while being visually appealing and functional. The use of dynamic elements like the forward-leaning "H" and finish line checks across all materials helps create a cohesive and memorable brand identity that resonates with the target audience.

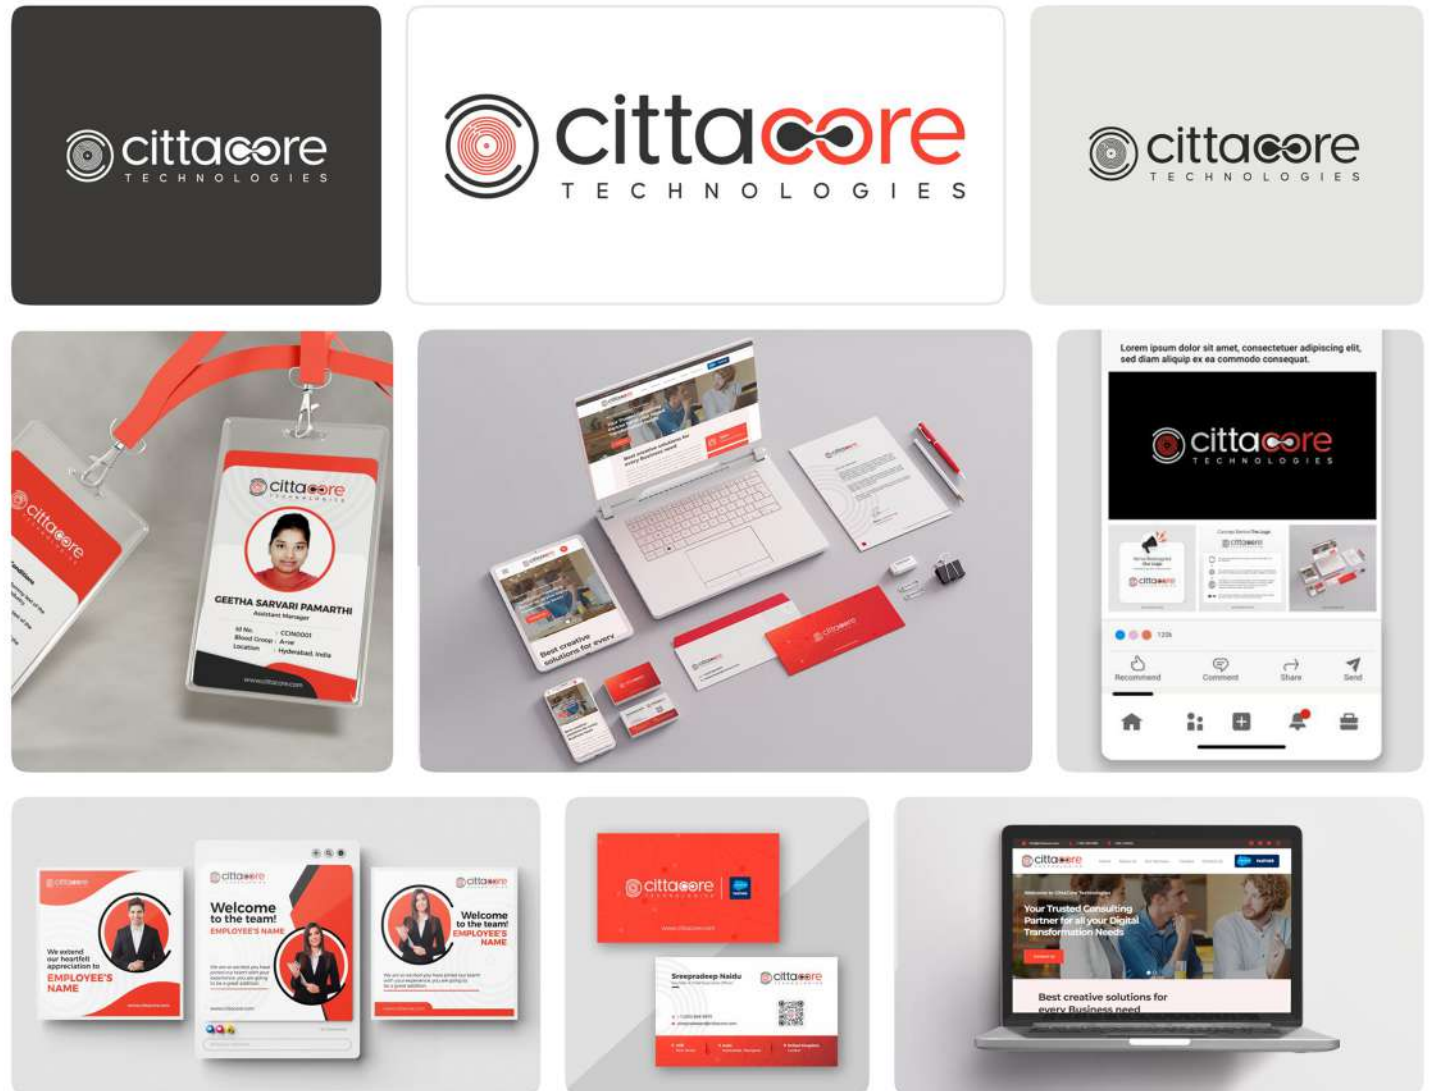

CittaCore

Logo & Visual Identity Design

I first focused on creating logo that resonates their desire for the name CittaCore, strength, stability and support to be incorporated in the design. I believe in designing consistent and creative solutions for our clients. Through out all the designs we have tried to make our client's logo to highlight and a strong visual identity to be maintained.

Brand Marketing

Motifo Design Academy

Social Media Creatives

Motifo Academy is an educational institution focused on bridging the gap between traditional artistry and modern digital technologies. Motifo is on the mission to equip both traditional and aspiring artists with cutting-edge technological skills, enabling them to apply their talents in the contemporary global market.

Maker's Asylum

Social Media Creatives

Maker's Asylum is one of the oldest makerspaces in India! Equipped with tools & a vibrant community of makers it empowers individuals to bring their ideas to life through its workshops & programs! It's a hub for innovators, artists, and creatives to #MakeBreakCreate

The Frugal Innovation Bootcamp

MAKE BREAK CREATE

This bootcamp is not your typical innovation program! It's a transformative journey that will challenge your organization's traditional notions of innovation, encouraging you to do more with less. Frugal innovation harnesses the principles of simplicity, affordability, and sustainability to drive breakthrough solutions and create a lasting impact.

Who is for?

The Frugal Innovation Executive Bootcamp is designed for corporate organizations that are seeking to enhance their innovation capabilities while optimizing resources. Its specifically tailored for:

- Senior Executives
- Innovation Teams
- Entrepreneurial Leaders
- Managers and Directors
- Cross-Functional Teams
- Innovation Enthusiasts

Why should you consider doing this?

- Building an innovation culture & a maker mindset
- Sustainability: Frugal innovation promotes sustainable practices by minimizing waste and resource consumption.
- Problem solving from multiple perspectives
- Adding quick & failing fast
- Iteration based innovation

Program Deep Dive

- Frugal Innovation - crafting the future with minimal resources
- Rapid Prototyping & Making - turning ideas into reality, fast!
- Design Thinking - where ideas come to life
- Sustainable Development Goals - the ultimate roadmap
- Technology driven innovation

Mentors & Facilitators

- Nand Rajput
- Pratibha Pruthi
- Bhishu Singh
- Utkarsh Chhabra
- Deepesh Parshel
- Anshuman Das
- Rishi Shrivastava

Lights, Beeps, Bots!

Electronics & Robotics 101

Age : 13+

10 Hours of Online Skill Building

Personalized 1:1 Mentorship

Receive a Customised Hardware Kit

Prototype your ideas

What to expect?

- Understand the basic of electronics.
- Learn How to build cool things with electronics, like lights and simple robots.
- About the function and use of LEDs, resistors, capacitors and motors.
- A little bit of coding and to make your project come to life.

Make a dancing Robot from **scratch!**
