Projects

- **E-CBME Application**
Developed in Angular 14, this is a component-based project that utilizes services and dependency injection to handle APIs and business logic. Route guards are implemented to secure routes, ensuring that only authorized users can access specific pages. An interceptor is added for efficient API request handling. For enquiries and forms, reactive forms with validations are used. The application is designed to be responsive, ensuring a smooth user experience and interaction.
- **MOKSH Overseas Education Consultants**
Developed in Angular 16 with SSR for better performance and SEO. Implemented dynamic components and a reusable master form used across the project. Integrated infinite scroll for handling large datasets efficiently.

- **XERA B2B Study**
The platform is specifically designed for agents to apply to universities on behalf of students based on the student's field of study (stream), and agents earn commissions for each successful admission.
- **E-CBME App**
The E-CBME app, developed using Ionic 6, is a platform designed for medical universities and colleges in India to monitor and evaluate how well faculty members are teaching and how students are progressing in their studies, making sure everything follows national medical education standards.
- **MeduClinic Application**
Developed an Angular 14 application with route protection using an authentication guard, implemented custom pipes and directives, performed CRUD operations, and optimized the handling of large datasets.
- **Study In Georgia**
lead-generation platform designed to attract and connect potential students with international education services, specifically for studying in Georgia.
- **Patson Food**
Patsons foods manufactures and sells a range of products like canned food, pickles, chutneys, pastes, jams, syrups and chinese food ingredient products.
- **SEO Consultant**
It is seo consultant agency provide seo services to boost website ranking.
- **CNR Services**
Providing various ISO, compliance certificates and company registration services at competitive rates.
