FRONT END DEVELOPER | WEB DESIGNER

+91 8600391721 | Thane, India, 421503 | adimanjre@gmail.com | linkedin.com/in/adimanjre | github.com/adimanjre

Professional Summary

Experienced **Sr. Web Designer** with 4+ years in building responsive, modern web interfaces using **HTML, CSS, JavaScript, React, and Next.js**. Specialized in the **insurance domain**, with a strong focus on clean design and performance. Successfully led the design and development of a key **international project**. Now seeking a **Front-End Developer** role to take on challenging builds and continue growing in a fast-paced environment.

Skills & abilities

- Programming languages – HTML, CSS, JavaScript, TypeScript, Vb.net
- Frameworks – React Js, Next Js, Redux, Tailwind, SCSS, Bootstrap, JQuery
- Web Skills – REST API, Responsive Web Design, Accessibility, Debugging, Jest, React Testing Library
- Others Skills – Git, Github, Figma, Adobe XD, Photoshop

Experience

MS Exegesis Infotech | Senior Web Designer - 2024-2025

- Created **wireframes** and **high-fidelity** designs in Figma, based on client feedback.
- Converted Figma designs into responsive **Next.js components**.
- Created custom graphs for the HR dashboard using **SVG** and **Canvas**.
- Performed **accessibility** testing using **Lighthouse** and implemented necessary improvements.
- Configured color themes using **Tailwind CSS** and persisted user preference with **LocalStorage API**.

MS Exegesis Infotech | Web Designer - 2022-2024

- Designed **wireframes** and **high-fidelity** mockups in **Figma** based on client feedback.
- **Converted high-fidelity** Figma designs into responsive **ReactJS** components.
- Implemented **React Router** for seamless page navigation.
- Collaborated with the backend team to integrate and consume **RESTful APIs** in React.
- **Migrated** project from **Bootstrap v4** to **v5** and implemented necessary code adjustments.
- Performed unit testing using **Jest** and **React Testing Library**.

MS Exegesis Infotech | Trainee (Web Designer) - 2021-2022

- Successfully **delivered** the first **Flexi project** within the targeted **timeframe** while ensuring full **adherence to processes**.
- Implemented **debouncing** and **throttling** techniques to efficiently limit requests to the backend API.
- Built age-checking function with **Date** object and used **Intl.NumberFormat API** to convert US numbers to INR.
- Used CSS features like **variables**, **pseudo-elements**, and **media queries** to build a responsive, cross-browser UI.

Education

Mumbai University, BSc Physics - 2019

Major: Physics | Minor: Mathematics
