

Mohd Shahid Khan

Bhandup (W), Mumbai | shahidkhan199418@gmail.com | 9967119917 | Portfolio | LinkedIn

Profile Summary

Full Stack Developer with a solid foundation in both **frontend and backend development**, experienced in building **scalable, user-focused web applications**. Skilled in developing **end-to-end solutions**, integrating **third-party APIs** and collaborating with **cross-functional teams** to deliver **high-impact features**. Thrive in **agile/SCRUM environments** and consistently write **clean, maintainable and well-documented code**. Passionate about aligning **technical solutions with product goals** in dynamic, fast-paced teams. I also **mentor junior engineers and new interns**, supporting their **technical growth and onboarding**.

Experience

Software Engineer, Aurum PropTech LTD, Navi Mumbai **December 2022 – Present**

Aurum KuberX

- **Optimized admin panel search functionality**, which improved query performance and user experience by **30%** through efficient backend filtering and indexing.
- **Integrated Kylas CRM API** to sync leads in real-time; implemented **webhooks** for automatic updates, ensuring **100% data consistency** between platforms.
- **Developed a dynamic payout module** for agents and connectors, streamlining commission calculations and reducing manual errors by **80%**.
- **Built a referral-based module** that boosted user engagement and lead generation, resulting in a **15% increase in referred leads**.

Aurum PropTech

- **Replaced Bootstrap with Tailwind CSS**, reducing page load time by **40%** and improving Core Web Vitals scores for enhanced performance and user experience.
- **Migrated from Strapi CMS to a custom backend** (Next.js API routes + Node.js + Express.js + MongoDB), eliminating reliance on slow SSH tunneling and cutting data fetch latency by **60%**.
- **Refactored and rebuilt multiple frontend pages** using **Tailwind CSS** for a consistent, mobile-responsive design aligned with modern UI/UX standards.

PropTech Pulse

- **Developed an SEO-optimized blog platform** using Next.js, leveraging **SSR, CSR, SSG, and Partial Prerendering (PPR)** to balance performance and content freshness, resulting in a **50%+ boost in organic traffic**.
- **Implemented dynamic content rendering** for real estate blogs to enhance **content delivery speed** and **search engine crawlability**.
- **Integrated KuberX API** to enable lead capture and user conversion, enhancing marketing funnel efficiency and tracking user engagement.

Aurum InstaHome

- **Developed a user management dashboard**, which enabled efficient control of user roles and access, improving admin productivity.
- **Built multiple responsive UI pages** using **React.js** and **Bootstrap**.

Aurum Sea

- **Built a real-time dashboard** using the **MERN stack** to analyze customer call transcripts, enabling supervisors to monitor and evaluate **call quality** effectively.
- **Integrated sentiment analysis APIs** to **analyze user interactions** and generate feedback insights.
- **Reduced customer escalations by 25%** by delivering timely insights into support call quality and flagging low-sentiment interactions.

Aurum Infinity

- Developed a real-time bidding system that allowed users to place **concurrent property bids**.
- Implemented **fair bidding logic** and robust **error handling** on both **client and server**.
- Created a **secure and intuitive bidding interface** with **React.js**.

Eventgem

- Developed features like **event creation**, **ticket booking**, and **calendar integration** using **MERN**.
- Integrated a **secure payment gateway**, enabling real-time ticket purchases.

Software Engineer Intern, Aurum PropTech LTD, Navi Mumbai September 2022 – Dec 2022

- Developed and maintained **responsive, dynamic user interfaces** using **React.js**, **Next.js**, **HTML5**, **CSS3**, and **JavaScript**, resulting in a **30% faster development cycle** and consistent UI across devices.
- **Architected and implemented modular, reusable components** using **React.js** and **Tailwind CSS**, improving code reusability by **40%** and reducing UI defects by **25%**.
- **Collaborated with cross-functional teams** (backend, QA, UI/UX) in **agile ceremonies** to deliver **high-quality, production-ready features** under tight deadlines.

Technical Skills

Programming Languages — JavaScript (ES6+)

Frontend Technologies — React.js, Next.js, Vite.js, Redux Toolkit, Styled Components, HTML5, CSS3, Tailwind CSS, Bootstrap 5, Material UI

Backend and APIs — Node.js, Express.js, RESTful APIs, JWT, WebSockets

Databases — MongoDB, SQL

DevOps and Cloud — AWS (S3 Bucket, EC2 Instances, IAM Users, Lambda), PM2

Version Control — Git, Bitbucket

Project Management and Collaboration — Jira, Figma

Testing and Performance Optimization — Unit Testing, Application Performance Optimization (lazy loading, code splitting, etc.)

Other Skills — SEO, System Design, Data Structures and Algorithms

Education

Master of Computer Applications (MCA)

University of Mumbai, Mumbai

December 2022 – Present

Bachelor of Science in Computer Science

VPM's RZ Shah College, Mumbai

May 2019 – April 2022

GPA: 9.15
