EXPERIENCE

CAPGEMINI, Pune— *Associate Software Developer*

May 2022 - April 2024

Developed and maintained back-end services using Python and Java, ensuring optimal functionality and performance while integrating with front-end components through RESTful APIs.

Collaborated with cross-functional teams to deliver high-quality software solutions, contributing to testing activities to enhance product reliability.

Utilized version control systems (Git, BitBucket) to manage code changes, ensuring efficient team collaboration and maintaining project integrity.

Estatemint, Pune— *Pre-sales Executive*

September 2021 - March 2022

Enhanced stakeholder relationships by leveraging data analysis to provide strategic insights, resulting in a 30% increase in sales conversion rates.

Conducted detailed data analysis to inform client decisions, improving client satisfaction by 35%.

EDUCATION

Sinhgad Academy Of Engineering, Kondhwa— *Bachelor of Engineering*

July 2017 - June 2021

Branch: Civil Engineering, CGPA: 7.21/10

Awarded TFWS scholarship for 4 years due to academic excellence.
