

S Tharun Kumar

tharunkumarsoppari@gmail.com

Phone: +91 - 9347590461

Professional Summary:

- Having 5 Years of experience in Design and Development of Web Apps, Web services using **Reactjs, JavaScript (ES6), HTML** and **SCSS**.
- Experience in working with **ReactJs** state, props, hooks and custom hooks
- Developed an application using React and Redux from scratch.
- Experience in developing UI Rich Web Applications **UI for Mobile/ Tablet/ Desktop** using **Front End** and UI Technologies like **JS(ES6+), HTML5, CSS3, bootstrap** and **CSS Preprocessors like LESS and SASS**.
- Proficient in Object-Oriented Design, Data Structures, Problem-Solving and Debugging.
- Experience in integrating APIS using Axios and fetch.
- Strong experience in working with async await, promises, callbacks and generator functions and latest features from ES6.
- Good understanding of **Document Object Model (DOM)** and **DOM Functions**.
- Strong understanding and experience with all the phases of SDLC and Agile development methodologies including SCRUM, involved in daily scrum meetings to keep track of the ongoing project status and issues using JIRA.
- Able to design the applications from the requirement and known for writing efficient, maintainable and reusable code that preserves privacy and security.
- Having good Knowledge in SQL, Stored procedures and functions.

WORK EXPERIENCE:

- Currently Working as Software Engineer in **RUBIX DATA SCIENCES PRIVATE LIMITED** since October 2023.
- Worked as Software Engineer in **CREATIVE SOFTECH PRIVATE LIMITED** for 3 years.

EDUCATIONAL QUALIFICATION:

- B.Tech from ST Mary's Group of Institutions (Hyderabad) – 2020 with First Division.

TECHNICAL SKILLS/TOOLS:

CodeRepo	:	GITHUB
Web Technologies	:	HTML5, CSS3, Javascript, ECMA 6, JSON, AJAX, DHTML
Libraries and Frameworks	:	ReactJs, ExpressJs, NodeJs, Handlebars, Axios
Responsive	:	CSS3 Media Queries, Bootstrap API
Web Server	:	Node js with Express framework
Database / Services	:	MongoDB, SQLite, MySQL
IDE/Tools	:	Visual Studio Coder, Jenkins, POSTMAN, GIT Desktop, Jira, Debugging Tool, Mongo Compass

Professional Experience:

PROJECT: RUBIX ARMS

Platform and Skills:

ReactJs, Redux, Axios, JavaScript (ES6+), HTML5, SCSS,

Duration : Oct 2023 to till now

Description:

Rubix ARMS (Automated Risk Management System) is a platform designed to streamline risk assessment, monitoring, and mitigation processes. It leverages automation, real-time analytics, and customizable dashboards to enhance decision-making, improve operational efficiency, and ensure compliance across industries like finance, healthcare, and IT.

Roles & Responsibilities:

- Managed development and enhancement of the Rubix ARMS platform, optimizing risk assessment, monitoring, and compliance processes.
- Utilized React.js, React Redux, and React Hooks to build dynamic, reusable UI components with efficient state management and rendering.
- Integrated RESTful APIs and GraphQL for optimized data fetching and improved application performance.
- Collaborated with cross-functional teams to implement real-time analytics, customizable dashboards, and automation features to drive decision-making.

- Applied lazy loading, code splitting, and memoization to enhance performance and reduce load times.
- Developed responsive, cross-browser compatible UIs using Material-UI, Tailwind CSS, and SCSS.
- Created unit and integration tests using Jest and React Testing Library to ensure reliability and minimize defects.
- Optimized Webpack and Babel for efficient builds and streamlined deployment.
- Identified and resolved performance issues, improving risk monitoring efficiency and scalability.

PROJECT: MeWe

Platform and Skills:

Reactjs, Redux-Saga, JavaScript(ES6+), HTML5, CSS3

Duration : June 2020 to September 2023

Description:

MeWe is a freeware and cross-platform application, allows sending of text messages, images and other media. It also allows to create Groups, Pages, by Communities and allows individuals to create groups and discuss the interesting topics in the group.

Roles & Responsibilities:

- Responsible for creating efficient design and developing User Interaction screens using JSX, CSS3, Bootstrap.
- Maintained state in store and dispatched the actions using redux.
- Integrated RESTful APIs for optimized data fetching and improved application performance.
- Project built through Agile development including daily meetings with collaborators and daily action items tracking via Jira by breaking down the project to multiple sprints.

PERSONAL PROFILE:

Name	:	Tharun Kumar Soppari
Email	:	tharunkumarsoppari@gmail.com
Nationality	:	Indian
Languages known	:	English, Hindi, Telugu
Permanent Address	:	Pedda Amberpet, Hyderabad-501505.
