SUMMARY

Results-driven Front-End Software Development Engineer with over 4 years of experience in designing and developing scalable, high-performance web applications. Proficient in React.js, Angular, JavaScript, TypeScript, and modern front-end technologies. Adept at crafting responsive, accessible, and intuitive user interfaces while optimizing performance. Passionate about delivering seamless user experiences and collaborating with cross-functional teams to build world-class software solutions. Holds certifications from Microsoft and Meta in front-end development. Additionally experienced in Play Store listing management, hosting services (Plesk, Hostinger), domain management, DNS configurations, and gaining knowledge in AWS fundamentals from SI.

SKILLS

FRONT-END DEVELOPMENT:

- Proficient in **HTML5, CSS3 (SCSS/LESS/Tailwind CSS), JavaScript, TypeScript**
- Expertise in **React.js, Angular, Vue.js, and Ionic Framework**
- Strong understanding of **component-based architecture and micro-frontends**
- Experience in **building responsive, scalable, and accessible web applications**
- Performance optimization and debugging using **browser development tools**

TOOLS & TECHNOLOGIES:

- State Management: **Redux, Flux, Webpack**
- Version Control: **Git, GitHub, Bitbucket**
- Testing: **Jest, Cypress, React Testing Library**
- UI/UX Design: **Figma, Adobe XD, Photoshop, Canva**
- Hosting & Server Management: **Plesk, Hostinger, Domain & DNS Configuration**
- Cloud Computing: **AWS** (Currently learning)

WORK EXPERIENCE

FRONT-END DEVELOPER

Webmedia | Jan, 2021 – Present

- Developed and maintained **scalable front-end applications using React.js, Angular, and TypeScript**.
- Built **responsive and accessible UIs** that work seamlessly across devices.
- Optimized **web performance**, reducing load time and improving user experience.
- Collaborated with designers, product managers, and back-end engineers for end-to-end development.
- **Mentored** junior developers, fostering skill growth and best practices.
- Managed **Play Store listing** processes including app submissions and updates.
- Configured and managed **hosting environments (Plesk, Hostinger) and DNS settings**.

UI/UX DESIGNER - INTERN

Webmedia

June,2020 – Dec,2020

- Designed and developed **user-friendly interfaces** for multi-platform applications.
- Conducted **user research, wireframing, and prototyping** to improve UX.
- Worked on **accessibility compliance** to enhance inclusivity in web design.

PROJECTS

MAKEDINE – TABLE BOOKING (REACT.JS, TYPESCRIPT)

- Developed a **highly interactive UI** for seamless restaurant table reservations.
- Implemented **real-time updates** using WebSockets for better user engagement.

PHONE LAB – LAB BOOKING SYSTEM (ANGULAR, RXJS)

- Built a **feature-rich lab booking system** ensuring optimized scheduling.
- Used **RxJS for state management**, improving application efficiency.

ZHEP FOOD – FOOD ORDERING APP (IONIC, FIREBASE)

- Designed and developed a **cross-platform food delivery app** with an intuitive interface.
- Integrated Firebase authentication and **real-time order tracking**.

EDUCATION

BE IN COMPUTER SCIENCE

- Sant Gadge Baba Amravati University | 2017 – 2020

POLYTECHNIC DIPLOMA IN COMPUTER SCIENCE

- Ram Meghe College Amravati

CERTIFICATION

- Foundations of User Experience (UX) Design
- Meta Front-End Developer Course (React.js & JavaScript)
- Microsoft Front-End Developer Professional Certificate

KEY HIGHLIGHTS

- 3+ years of hands-on experience in front-end development.
- Strong expertise in React.js, Angular, and modern front-end frameworks.
- Experience working with component-based architecture & micro-frontends.
- Proficient in performance optimization, accessibility, and testing.
- Experience in Play Store listing management and hosting services
- Currently learning AWS fundamentals to expand cloud computing expertise.
- Passionate about building user-centric applications at scale.
