CAREER SUMMARY

- Passionate React.js Developer with over 2 years of experience in crafting dynamic and user-friendly web applications.
- Proficient in front-end technologies, state management, and seamless API integration.
- Excited to take on challenges in web and software development, focusing on innovation and creating impactful solutions.
- Focused on React, MERN Stack, and product design. A critical thinker with a strong passion for solving business challenges and developing scalable solutions.

TECHNICAL SKILLS

- **Frontend Development:** HTML5, CSS3, JavaScript (ES6+), TypeScript, SCSS, Bootstrap, Material UI, Tailwind CSS.
- **Frameworks and Libraries:** React, Next.js, Redux Toolkit, Zustand, React Query, React hooks forms, MR Table.
- **Backend language:** Node.js, Express.js.
- **Database:** MongoDB.
- **Data Visualization:** Chart.js, ApexChart.
- **Version Control:** Git, GitHub, GitLab.
- **Deployment:** Netlify, Vercel.
- **Other Tools:** Postman, Jira, slack, Zeplin, Figma.

PROFESSIONAL EXPERIENCE

REACT JS DEVELOPER | Millicent Technologies | Mumbai, Borivali.

Nov 2022 – Dec 2024

CSE | Computer & Systems Engineering, Saudi:

- Created **responsive user interfaces** using **Tailwind CSS** for seamless design across devices.
- Implemented **language translation** from **English to Arabic**, incorporating **RTL (right-to-left)** layout for a culturally aligned user experience.
- Developed and integrated **light and dark themes** to enhance usability and customization, specifically tailored to meet Saudi requirements.
- Developed a stock market-focused website providing **real-time market data**.

IDO | Faelledby

- Developed a **360° interactive unit selector** to display flat availability, images, configurations, and facilities for an enhanced user experience.
- Built a **theme-based architecture** to support dynamic theming, enabling efficient management of multiple real estate properties.
- Created **responsive, reusable UI components** using Material-UI and CSS, ensuring design consistency.
- Configured **dynamic theming with MUI**, updating designs in real-time based on API responses.

- **EstateTool 5.0 | Estate Tool A/S, Denmark.**
- Contributed to a **real estate management platform** for managing structures, projects, and properties in **Denmark**.
- Developed **responsive UIs and reusable components** using **Bootstrap** and **Material-UI**.
- **Integrated APIs and managed state** efficiently with **Zustand** and **React Query**.
- Implemented **admin functionalities** for managing users, organizations, and projects.

REACT JS DEVELOPER (INTERN) | Binary hat pvt ltd | Pune Hadapsar.

May 2021 – Nov 2022

Bulk Order App.

- This project is developed for purchasing goods in bulk with **single billing and multiple shipping addresses**.
- There are **4 modules** I) Stores, II) Customer, III) Product, IV) User.
- Documenting application changes and developing updates. Writing **application interface codes using react.js** workflows.
- Front-End Technology Used: React.js, JavaScript, Html, CSS, Material-UI.

EDUCATION

ONGOING.

MASTER'S DEGREE in **Information Technology** | KES College | University of Mumbai.

JULY 2020.

BACHELOR'S DEGREE in **Computer Science** | Thakur College | University of Mumbai (CGPA – 6.90).

MAY 2017.

HSC in Science and Technology | T.P. Bhatia College of Science | Maharashtra State Board (Pct. – 62%).

AUGUST 2015.

SSC | Himalaya High School | Maharashtra State Board (Pct. – 68%).

CERTIFICATIONS AND COURSES

- React Course - **Code with Harry** (Completed).
- Advanced React: Design System, Design Patterns, Performance - **Udemy** (Completed).
- ReactJS Tutorial - **Code Evolution** (Completed).
- Introduction to Cyber Security – **Great Learning** (Completed).
