Profile Summary

Analytical and results-driven Product Management professional skilled in **user research, A/B testing, PRD writing, and stakeholder collaboration**. Optimized processes and **vendor strategies** to enhance efficiency and drive business growth. Passionate about building impactful **product strategies, improving user experiences**, and delivering measurable outcomes.

Professional Course

Product Manager Fellowship | NextLeap

Jun 2024 - Aug 2024

A structured, hands-on program that provided **practical experience** in developing **customer-centric problem-solving skills** by conducting in-depth **market research and user interviews**. Strengthened **data-driven thinking** through A/B testing and success metric analysis. Gained expertise in **writing PRDs, designing wireframes (Figma), and building product roadmaps**. Applied **prioritization techniques (RICE, MoSCoW)** to define high-impact features.

Capstone Projects

- Increasing Customer Text Reviews - Zomato:** Conducted **market research, user interviews, and A/B testing**, identifying key pain points and proposing solutions that led to a **~30% increase in review submissions**.
- Enhancing Ticket Booking - BookMyShow:** Designed a **user-focused strategy** by analyzing customer behavior, defining **success metrics**, and optimizing the ticket booking flow for high-demand events.

Work Experience

Product & Growth Strategist | Homemade Spices

Jun 2022 - Dec 2024

- Led digital marketing strategy**, leveraging WhatsApp and Instagram to drive a **~30% sales increase**, while optimizing campaigns through **A/B testing** to enhance **brand visibility and customer engagement**.
- Built a data-driven framework** to improve **customer retention and market expansion**, using insights from market research and customer feedback to refine product offerings.
- Expanded distribution channels**, partnering with **Kirana stores, hotels, and tiffin services**, while implementing order tracking to streamline operations and scale sales beyond known customers.

Jr. Instrumentation Engineer | Toyo Engineering India

Feb 2021 - May 2022

- Implemented automated reporting tools**, reducing reporting time by **50%**, improving project efficiency.
- Led cost optimization efforts**, achieving a **56% cost reduction** through **strategic vendor negotiations and process improvements**, ensuring high-quality deliverables.
- Collaborated with cross-functional teams**, aligning project objectives to deliver seamless technical solutions.
- Translated complex technical data** into actionable insights, enabling **faster and more informed stakeholder decision-making**.
