- HTML/CSS
- Collaboration
- Adaptability
- Larval/PhP
- Build Deployment
- Bootstrap
- NodeJS/Express
- ReactJs
- JavaScript/C++
- OOPS/DSA
- C/C++

EXPERIENCE

Web Developer Engineer

Defenzelite / August 2024 - November 2024

- Implemented SEO Best Practices: Optimized HTML structure and used semantic tags to improve search engine rankings, enhancing site visibility and accessibility.
- Collaborated with Backend Team: Worked closely with backend developers to integrate API endpoints, ensuring smooth data flow and dynamic content updates on the front end.
- Conducted thorough cross-browser testing and debugging to ensure a consistent and reliable user experience.
- Reviewed, refactored, and documented code to maintain high-quality standards and ensure scalability.
- Gathered stakeholder feedback and implemented iterative UI/UX improvements to align with user expectations and business goals.

Web Developer

Squib Factory / February 2024 - June 2024

- Developed user-friendly websites with dynamic filtering options based on user selections.
- Implemented interactive features such as slider navigation, toggle buttons, and responsive components for various devices (mobile, tablets, and laptops).
- Revamped website UI to provide a smooth and aesthetically appealing experience.
- Designed and built responsive footers and navigation bars, incorporating CSS animations for enhanced interactivity.
- Utilized Bootstrap to create intuitive and cohesive user interfaces.

Software Developer Engineer

Extentia / June 2022 - August 2022

- Gained in-depth knowledge of Salesforce, including its features and applications in live projects.
- Built an application to track the number of vaccinated and unvaccinated people in a specific region using Salesforce and its database.
- Demonstrated proficiency in Salesforce database management and developed practical solutions based on real-time data

EDUCATION

B. Tech – 8.35 CGPA BPUT University, Orrisa 2019 - 2023	HSC – 56.2% CBSE Board, Hazaribagh 2019	SSC – 74.1% CBSE Board, Hazaribagh 2017
