

SK SARFARAZ WASIM

Software Engineer | Front End Developer

+918249334602 ◇ sksarfaraazwasim@gmail.com ◇ Bengaluru, India ◇ [LinkedIn](#) ◇ [Website](#)

SUMMARY

Passionate software engineer and skilled frontend developer with 3+ years of experience in designing, developing and maintaining front-end web applications. Successfully developed interactive and responsive web applications with pixel perfect designs to improve customer activity and experience. Having worked on multiple projects using React and Vue, seeking to use technical proficiency and creativity to develop engaging user experiences and advance in a professional career. Looking to leverage effective debugging, code optimisation and project collaboration capabilities to produce applications that exceed user expectations.
