PROFESSIONAL EXPERIENCE

Frontend Developer

Plan.net Technest (Feb 2025 - Present)

Built responsive, high-performance websites using React, and customized AEM components and templates to enable scalable, efficient content management. Seamlessly integrated APIs to fetch and render dynamic data, significantly enhancing functionality and user experience.

DEPT (June 2023 - Feb 2025)

React.js Development:

Developed dynamic and interactive user interfaces using React.js, focusing on reusable components and clean code architecture.

Optimized website performance by implementing lazy loading, code splitting, and efficient API integration.

Delivered responsive and accessible web pages, ensuring compatibility across various devices and browsers.

Adobe Experience Manager (AEM) Development:

Created and customized AEM components and templates to deliver responsive, dynamic websites with streamlined content management capabilities. Integrated APIs with AEM to fetch and render dynamic data, enhancing functionality and user experience.
