Professional Experience

Frontend Developer, Onerooft Technologies LLP, Mulund(W), Mumbai, July 2023 - Present

- Ensured cross-device compatibility and optimal performance by developing multiple responsive websites using JavaScript, and jQuery. Optimized desktop and mobile speed and performance by creating an architectural website featuring GSAP animations, advanced form functionalities, image/video masking, and interactive UI effects..
- Built frontend interfaces in various domains such as insurance portal, media advertising agency, ecommerce websites, turf booking, drone tech, and banking with functional and visual enhancements.
- Developed eCommerce websites using WordPress, Elementor, custom themes, and WooCommerce with features such as product filtering, secure payment gateway integration, and responsive, user-friendly design.
- Ensured security and maintenance of WordPress sites through Wordfence, with regular scans and firewall monitoring.

Front End Development Intern, Acuity Educare Pvt Ltd, Mumbai, January 2023 – June 2023

- Collaborated within a development team to design and build a responsive educational website using HTML, CSS, JavaScript, and Bootstrap.
- Contributed to creating a user-friendly layout and interactive elements to ensure a seamless experience across all devices.
- Worked closely with team members and stakeholders to align the website's structure and design with the organization's educational goals.
