

Sharath Kulampurath

UI/UX Developer

👤 Profile

Creative and results-driven UI/UX Developer with 1.5+ years of experience designing intuitive user interfaces and developing responsive, high-performance web applications. Adept in Figma, React.js, Tailwind CSS, JavaScript, and user-centered design principles. Proven success in delivering scalable and accessible digital products with an emphasis on usability, interaction design, and frontend development.

💼 Employment History

Software Engineer at Reliance Industries Ltd., Navi Mumbai

October 2023 — Present

- Led the design and development of interactive dashboards for Network Site Down Alerts, improving real-time monitoring and reducing incident response time by 30%.
- Created user-centric interfaces that streamlined workflows for internal network teams, enhancing task efficiency by 25%.
- Built responsive web applications using React.js, Tailwind CSS, and JavaScript, ensuring seamless performance across devices.
- Optimized UI performance, reducing page load time by 40%, resulting in smoother user experience.
- Contributed to video editing and documentation for internal systems, improving clarity and training outcomes.

🎓 Internships

Intern at Sahu Technologies, Mumbai

December 2022 — January 2023

- Designed two end-to-end UI projects using Figma, focusing on visual clarity and usability.
- Created wireframes and interactive prototypes to communicate ideas to stakeholders and developers.
- Applied mobile-first and responsive design strategies to ensure optimal performance across devices.
