EXPERIENCE

Frontend Developer

April 2023 - Present

GetzGet

Mumbai, India

- Integrated the application with **Razorpay** payment method.
- Enabled light and dark theme selection within settings page.
- Played a key role in building a KPI-driven dashboard for data visualization.

Developer Intern

January 2023 - March 2023

GetzGet

Mumbai, India

- Developed the entire **cart functionality**, including adding items to the cart, removing items from the cart, and updating or clearing the cart.
- Identified and resolved **critical bugs** in applications, enhancing functionality, performance, and user experience.

PROJECTS

SAMPARK(Youth Activity Tracking System)

- Created a dashboard where past details and summaries of each sabha (weekly forum) will get populated.
- A form to perform CRUD operations on youth and sabhas.
- Additionally, an attendance section where the admin can record attendance for each sabha.
- Integrated the birthday API to provide the birthdays of all the youths in each month.
- Lastly, added a reports section where past attendance can be viewed in xls format.

OMNIFOOD, LISBON CHAIR SHOP, APPLE E-COMMERCE

- Built and developed projects using HTML, CSS and JavaScript.
- Built Hotel API's and Banking System for Backend using Node Js and MongoDB.
- Omnifood - [Click to visit](#)
- Apple E-commerce - [Click to visit](#)
