PROFILE

Frontend Developer with 1.7 years of experience specializing in **React Native and React.js UI development**. Worked on 7+ **mobile apps** and 7+ **web applications**, focusing on building intuitive, responsive, and user-friendly interfaces. Skilled in API integration, state management, and performance optimization. Passionate about crafting seamless user experiences and collaborating effectively with teams to deliver quality solutions.

PROFESSIONAL EXPERIENCE

Front-end Developer

Airrchip Communications Pvt Ltd

2023/08 – 2025/02

SKILLS

- Front-End Development : React, React Native, JavaScript, HTML, CSS, SCSS, Bootstrap
- DevOps & Version Control : Git, GitLab, npm, Yarn
- Tools & Platforms: Figma (Basic)

PROJECTS

Mobile Applications (React Native)

- **Yogananda Daily** – Developed a React Native mobile app that delivers daily inspirational quotes by Paramahansa Yogananda, featuring an intuitive UI with **dark mode** functionality. Integrated RESTful APIs for content delivery and implemented push notifications to enhance user engagement.
- **Relphacare** – Developed a healthcare application with focus on usability and accessibility. Integrated APIs for real-time data fetching and updates, implemented **push notifications** for alerts, and added **PDF report generation** for patient records.
- **Landing App** – Developed a **fintech prototype** with an interactive and user-friendly interface. Implemented dynamic components for seamless navigation.
- **DigiRM** – Built a **financial app interface** with dynamic components.
- **InGood** – Auto Swipe and Credit Card Management App UI.
- **Frruit Mobile App** – AI-generated stock market information app.

Web Applications

- **oomero Website** – Developed a static website using React.js with responsive design, implementing multiple reusable components to ensure consistent UI and efficient code maintenance.
- **Frruit Web App** – Developed an AI-powered stock market analytics platform using React.js that enables users to tap into both real-time and historical data on thousands of stocks, delivering market-moving insights.
- **Oomero WebApp** - provides easy compliance solutions with fast ID checks, fraud prevention, and a simple API. Customizable for any business, with expert support to meet regulations. Perfect for secure, hassle-free risk management.
