## SUMMARY

Frontend Developer with **3+ Years** of Experience, specializing in React.js, Tailwind CSS, and modern JavaScript. Proven ability to build performant, scalable UI, and reusable components. Experienced in working with cross-functional teams at Accenture and Wipro. Actively contributing to full-stack projects and open-source.

## SKILLS SUMMARY

- **Programming Languages:** JavaScript, Python
- **Technologies:** Reactjs, Redux, Tailwind CSS, Chakra UI, Vite, NodeJS, Expressjs
- **Databases:** MySQL, MongoDB, Supabase, Google Firebase

## WORK EXPERIENCE

### ACCENTURE (Contract), Mumbai | Web Developer | May 2024 - Present

- Designing and developing modular email blocks using **React.js**, enabling a scalable and reusable template architecture,
- Writing clean, efficient JavaScript code to optimize rendering performance and ensure smooth user interactions,
- Collaborating with cross-functional teams to integrate email modules seamlessly into the broader application ecosystem.

### WIPRO, Mumbai | Trainee Developer | November 2021 - May 2024

- Developed and optimized responsive user interface components using React.js and modern JavaScript (ES6+), implementing state management solutions with Redux and Context API for improved application performance.
- Built and maintained reusable component libraries while implementing RESTful API integrations, ensuring seamless data flow between frontend and backend systems.
- Resolved complex frontend issues through effective debugging strategies and testing practices, collaborating with UX/UI designers to transform mockups into pixel-perfect interfaces.
- Collaborated with cross-functional teams to align UI solutions with project goals.

## EDUCATION

### Bachelor of Science in Information & Technology

Nagindas Khandwala College, Mumbai, Maharashtra

June 2018 - April 2021

CGPA - 6.82 / 10

## PROJECTS

### Snapped and Stitched Ecommerce

April 2025 - Current

Built a responsive E-commerce web app with real-time cart updates and secure checkout.

- Developed product listing, filtering, search, cart, and order features.
- Integrated **Razorpay**, **Stripe**, and **COD** for payments.
- Created frontend using React.js, Tailwind CSS, and toast notifications.
- Designed REST APIs with Express.js and MongoDB; implemented **JWT** auth with protected admin routes.
- Enabled image uploads via **Multer** and **Cloudinary**; used Axios for API integration.
- Built admin panel with full product CRUD functionality.

**Tech Stacks:** React.js, Tailwind CSS, Node.js, Express.js, MongoDB, JWT, Cloudinary, Multer, Razorpay, Stripe

### Password Manager

September 2024

- Developed a secure password manager using **React.js**, Tailwind CSS, and Vite.
- Implemented a password generator for creating strong and unique passwords.
- Integrated third-party libraries like React Icons and react-toastify for enhanced UI/UX.
- Designed a fully responsive interface for seamless performance across devices.

**Tech Stacks:** React.js, Vite, Tailwind CSS
