

Pragya Bhuwalka

Communications Management Specialist

With 4+ years of navigating the fast-paced world of Communication Management, I've honed the skill of crafting clear, impactful messaging that connects people and purpose. Whether it's shaping brand narratives, streamlining internal comms, or turning chaos into clear strategy, I thrive where communication meets impact. I'm now looking to bring this blend of creativity, clarity, and caffeine-fueled drive to a dynamic team that's as passionate about purposeful communication as I am.
