SUMMARY

Full Stack Developer with 3 years of experience, specializing in React JS , NextJs and Codeigniter. Recently acquired skills in MongoDB, Express JS, Node JS. Proficient in modern JavaScript, HTML, and CSS, with a strong understanding of front-end development principles. Demonstrated ability to build scalable and performant web applications. Proven track record of collaborating with cross-functional teams to deliver high- quality software on tight deadlines.

EDUCATION

Bachelor's

Aug 2017 – Jul 2021

Anna University, Chennai, India

Bachelor of Engineering Computer Science and Engineering Year
of passing: 2021, CGPA – 8.25

SKILLS

Technical Skills:

- Strong experience with **React JS, NextJs** and **Redux**
 - Proficiency in **modern JavaScript** with **DOM Manipulation** and **Jquery, AJAX**.
 - Expert Proficiency in **HTML5** and **CSS**
 - Basic proficiency in **MongoDB, Express JS, Node JS, PHP, Codeigniter** and **MySQL**
 - Knowledge of modern authorization mechanisms such as **JSON Web Token, Session Management** and **Auth.Js**
 - Basic Experience with **AWS**.
 - Experience with front-end libraries such as **GSAP, Three.Js** and **Locomotive.Js**
 - Experience with version control systems and CI/CD pipelines such as **Git**.
 - Expertise in CSS libraries such as **Bootstrap** and **Tailwind**
 - Familiarity with CSS Preprocessors such as **SASS** and **SCSS**.
 - Working knowledge of back-end services integration and **RESTful APIs**
 - Familiarity with browser compatibility issues and workarounds
 - Experience with responsive design principles
-

WORK EXPERIENCE

1) Ace360Degree

Full Stack Developer

Mumbai, India

Dec 2022 – present

Responsibilities:

- Being a part of an agile team and sharing responsibilities of development and testing as the role demands
- Converted Figma / AdobeXD designs into Pixel perfect Web Pages.
- Improved application performance and scalability through code optimization and refactoring.
- Worked on various CRMs Design and Development.
- Contributed designing and maintaining Database for Complex CRMs and ERP Requirements
- Implemented responsive design and cross-browser compatibility
- Strong Quality focus including design, development, unit-testing, deployment, and release

INTERNSHIPS

1) Ace360Degree

Frontend Intern

Mumbai, India

Dec 2021 – June 2022

- Learnt the basic technical aspects required to work with an agile team
- End-to-end development including design, testing, and deployment PHP Frameworks
- Familiarized with Tools – Codeigniter, Javascript JQuery

PROJECTS

1) Dynamic CMS -

- Built a tailored Admin Panel CMS specifically for an architecture website.
- Enabled seamless updates and flexible management of architectural projects.
- Designed an intuitive and efficient interface for effortless content handling.
- Developed a robust system to support diverse project types and future expansions.
- Streamlined content updates, improving efficiency for non-technical users.

2) Dynamic React.js Experience -

- Built a cutting-edge architecture app using Next.js for seamless user interactions.
- Optimized for speed, ensuring smooth navigation and quick load times.
- Delivered captivating visuals to enhance user engagement and showcase architectural projects.

3) CRM & ERP Design and Development –

- Developed secure user permission management for superadmin, admins, and specific roles.
- Tailored for an aviation institute to streamline operations and data management.
- Ensured role-specific access to maintain data integrity and confidentiality.
- Built to adapt to evolving organizational needs and roles.

4) Custom Ecommerce App -

- Designed and developed a tailored eCommerce website for EPC Limited.
- Enabled streamlined management of products, orders, and users.
- Developed a dedicated interface for sellers to manage their inventory and transactions.
- Implemented Third party payment API (Razorpay) for payment processing.
- Ensured efficient operations with a robust backend and intuitive design.

5) Debleena -

- Created a visually immersive and engaging website with dynamic animations.
- Implemented Eye-Pleasing animations using GSAP and Javascript Animations.
- Focused on delivering a beautiful and intuitive user journey. Ensured smooth functionality despite heavy animations.

LEADERSHIP/MENTORSHIP EXPERIENCE

- 1) **Ace Experts** - I led a team of 3 front-end developers in managing technical maintenance tasks for various projects. We also established coding standards to improve readability and ensure compliance with industry recommendations.
- 2) **Mentorship** - I provided comprehensive mentorship for new team members, including onboarding and knowledge transfer. I also shared necessary resources to help them understand both the technical and functional aspects of the projects.
