Debugging

Professional Summary

Experienced React Developer with almost 4 years of expertise in designing and developing dynamic, user-friendly web applications. Proficient in JavaScript, React.js, Redux, and RESTful APIs, with a strong focus on performance optimization and responsive design. Adept at collaborating with cross-functional teams and delivering high-quality software solutions on time.

Professional Experience

Custom Software Engineering Analyst , Accenture, Pune

MAY 2021

- Developed and maintained highly interactive web applications using React.js, Redux, and TypeScript.
- Worked on 25+ CR developments from scratch and supported 500+ incidents.
- Implemented reusable components and hooks to streamline development processes.
- Integrated RESTful APIs and GraphQL endpoints to dynamically fetch and manage data.
- Enhanced application performance through code-splitting, lazy loading, and optimizing state management.
- Conducted code reviews and mentored junior developers on React best practices.
- Worked in a team of web designers, backend developers and UX designers to meet Project Goal and create effective user experiences with digital products.
- Developed and maintained documentation of all features and functionality of new applications.

Extended Hyper care Support - SCOTTISH POWER

- Understanding issue & loopholes in the existing code & providing optimization and bug fix.
- Successfully resolved and fix multiple incidents weekly, prioritized by urgency, consistently achieving high customer satisfaction.
- Working key resource as a on call support for the project.

Education

Bachelor of Science in Computer Science, KIIT University, Bhubaneswar

JUNE 2017 – APRIL 2021

Tools & Platforms:

Git , Jenkins, HPLAM, JIRA, Azure, Kanban, VS code, Eclipse, GitHub

Project:

- Developed a scalable React-based e-learning platform with a focus on responsive design.
- Implemented Redux for state management and stripe for payment integration.

Certifications

- Java and React.js Certification from Accenture.
