Mayur Suryakant Pawar - mayurpawar175@outlook.com

B-107, plot-cd 208(PT), Laxman Tekadi, CH Ram Tekadi
Path, Near Dosti, Sewri, Mumbai 400015

Contact: +91 9764261566

About

Diligent software developer with 8 years of experience in software and application development. Facilitating cutting-edge engineering solutions with a wide range of applications and technology skills.

Proven ability to leverage full-stack knowledge and experience to build interactive and user-centered websites, software, applications to scale.

Extensive expertise in large system architecture development and administration, as well as network design and configuration.

Skills

Languages : PHP ,Node.JS, JAVA, classic ASP, C, XML, Angular J.S, HTML, CSS, jQuery, Javascript, Bootstrap, Material Design

Frameworks : Codeigniter, Laravel, Lumen, Joomla, Wordpress.

Databases : MYSQL, Microsoft SQL Server, Oracle, NoSQL, MongoDB.

Operating System : (Windows, Linux, Mac)

Additional Skills

- ❖ Strong knowledge about Web technologies application.
- ❖ Strong knowledge about DBA and functionality like CRUD op. Operations, Triggers, Structures.
- ❖ Strong knowledge about shell & bash scripting.
- ❖ IoT (Internet of Things) Integration
- ❖ Good knowledge about networking, Firewall, Server requirement and data queue management.
- ❖ Real-time Data Acquisition & Processing
- ❖ Working with Arduino, Raspberry pi, ESP8266, NodeMCU, Onion Omega, blynk, and Many other Electronics Components and Electronics Modules.

Expertise

- ❖ ERP system development (Functional + Technical)
- ❖ Ecommerce & Quick-commerce, POS based system development (Functional + Technical)

- ❖ HRMS system development (Functional + Technical)
- ❖ Inventory, Warehouse & Logistics system development (Functional + Technical)
- ❖ Hosting and Server management
- ❖ Project Management
- ❖ Software Development Lifecycle (SDLC)
- ❖ service-oriented architecture (SOA)
- ❖ Release Management
- ❖ Team Building & Leadership

Experience

I-Store Direct Trading Pvt Ltd (Urban Platter), Mumbai

Manager of Software Development, Jun 2022 to Present

- ❖ Project planning and build up logic.
- ❖ Developing modules and scripts for company projects.
- ❖ Developing websites and web applications for companies.
- ❖ Developed HRMS system for company internal uses.
- ❖ Developing RESTful, SOAP, API for internally and externally used.
- ❖ Implementation of newly added code and fix post implementation bugs.
- ❖ Deploy new hardware and integrate with our own source code.

Project Results -

- Accelerated the order management processing by 35% with the admin portal.
- Increase 40% repeat customers are back for more orders.
- Minimized system outages, saving an estimated amount of money annually.
- Increase website traffic.
- Reduce customer complaints regarding payments, refund order status, now they are checked directly on the website dashboard.

Bharat Wire Ropes Ltd, Mumbai

JAN-2017 - JUNE-2022

Deputy Manager of Software Development & Automation, Dec 2019 to Jun 2022

Senior Software Developer, March 2018 to Nov 2019

Web Developer, Jan 2017 to Feb 2018

- ❖ Project planning and build up logic.
- ❖ Developing company websites and web applications..
- ❖ Developing RESTful, SOAP, API for internally and externally used.
- ❖ Implementation of newly added code and x post implementation bugs.
- ❖ Developed In-House ERP System, Integrated with machine PLC and HMIs.
- ❖ Developed QR code & Bar code based warehouse and Inventory management systems.
- ❖ Developed real-time monitoring dashboards and historical data logging.
- ❖ Mentored development teams in Agile SDLC and RAD best practices. Ensured the release of premium-quality applications that provided intuitive and secure experiences for users.

Project Results -

- Automated processes to resolve manufacturing challenges, such as ever-fluctuating production ratio, increase machine efficiency, manufacturing defects, QC testing, extra manpower, raw materials, warehouse management, on-time delivery, accounting, and traceability, MIS reports, etc.
- Reduced payroll by hundreds of thousands of dollars by automating functions that previously required manual data entry.
- Decreased monthly error rates to all-time lows (from 1.2% to 0.02%).
- Streamlined the complex steel manufacturing and Order processing process.
- Now systems are automatically generated daily production reports, sales reports, costing reports, inventory reports, and many other required reports.
- After implementation reduced manpower, reduced scrap, and reduced human error.
- Live manufacturing tracking and tracing in mobile apps. (From Anywhere/Anytime)

Education

Shivaji University

B.E, Information Technology

- Relevant coursework: Object-oriented Programming, Data Structures and Algorithms, Database Development
- Extra-Curricular Activities: Member of college team for the worldwide SCORE contest for software engineering.

College Projects :

- Mobile Text Messaging Via Bluetooth
- J2ME, J2me Wireless Toolkit. Technology used: J2ME, J2me Wireless Toolkit.

Description: A Mobile application for sending text messages via Bluetooth on different mobile devices.

Awards

Certificate Course in 'MSCIT' in July 2012

Winner in 'CS' in Annual National Level Event 'CREOWORLD'

Certificate in 'LINUX SECURITY' in 2014'

Certificate in 'INTERMEDIATE' of 'GOVT OF MAHARASHTRA'

Certificate in 'WEB SECURITY' in 2015'

Personal Details

Name	:	Mayur Suryakant Pawar
Date Of Birth	:	22th Apr 1997
Languages Known	:	English, Marathi & Hindi
Nationality	:	Indian
Marital Status	:	Single
Hobbies	:	Listening music, Playing cricket

Notice Period : 30 Days Nego.

Permanent Address : At Post Chitali, Tal Khatav, Dist Satara, Maharashtra

I hereby certify that the above information is true and correct to the best of my knowledge.

Place : Mumbai

Date: __/__/__
