Experience

1. SOFTWARE DEVELOPER | MEDIMAZE SOLUTIONS, PUNE | MARCH 2023 – PRESENT

PROJECT 1 | GENERIC HMIS

ROLE |

- Developed high-quality, responsive user interfaces using Angular and Ionic, ensuring optimal performance and usability across web and mobile platforms.
- Collaborated with cross-functional teams, including UX/UI designers and backend developers, to gather requirements, analyze user needs, and implement effective frontend solutions.
- Refactored and optimized legacy codebases to improve performance, scalability, and maintainability, enhancing the overall user experience and software architecture.
- Integrated RESTful APIs and third-party services to seamlessly connect the frontend with backend systems.

PROJECT 2 | HMIS NATIONAL HEALTH MISSION JAMMU KASHMIR

ROLE |

- Collaborated closely with clients to gather and analyze frontend requirements, ensuring a clear understanding of project objectives and desired user experience
- Developed frontend solutions by translating client requirements into detailed design strategies, and implementation plans.

PROJECT 3 | GAUTAMNIDHI FOUNDATION

ROLE |

- Developed high-quality mobile app using Angular, Ionic, and RESTful APIs.
- Led the frontend development team, ensuring effective collaboration with cross-functional teams to gather requirements, understand user needs, and deliver impactful solutions.
- Successfully implemented features and functionalities, ensuring seamless integration with backend services, optimal performance, and a smooth user experience.
- Led the deployment of mobile applications to the Google Play Store and Apple App Store, managing release cycles and ensuring compliance with platform guidelines.

2. SOFTWARE DEVELOPER | EMPIRE TECHS, PUNE | JULY 2022 – DECEMBER 2022

PROJECT 1 | BINDU DIAGNOSTICS

ROLE |

- Developed REST APIs using Spring Boot for seamless backend functionality and integration.
- Identified and streamlined processes for continuous improvement in application performance and efficiency.
- Designed and built responsive and user-friendly frontend pages using Angular.
- Integrated Angular frontend with backend APIs to ensure smooth data flow and dynamic functionality.

Education
