

YOGENDRA SHARMA

Frontend Developer

📞 7878843791 @sharmayo721@gmail.com 📍 Rajasthan, Jaipur

SUMMARY

I am an aspiring Front End Developer with over 2 years of experience in frontend development, specializing in building web applications using Angular. I am passionate about creating user-friendly interfaces and a track record of enhancing performance in software solutions. I thrive in collaborative environments and enjoy improving code maintainability for long-term efficiency.

EXPERIENCE

Software Engineer

Chinmay Finlease PVT. LTD.

📅 03/2024 - 07/2024 📍 Ahmedabad, India

Company specializing in financial software solutions.

- Developed and maintained software solutions to improve financial processes and operations.
- Collaborated with a cross-functional team to design, develop, and deploy scalable applications.
- Utilized technologies such as Angular, Angular Material, Bootstrap, and CSS to enhance the user interface and user experience.
- Worked on restructuring and optimizing code to improve performance, maintainability, and scalability.
- Conducted code reviews and provided constructive feedback to ensure code quality and adherence to best practices.

Frontend Developer

Pytosoft IT Solutions PVT. LTD.

📅 02/2022 - 03/2024 📍 Rajasthan, India

IT solutions provider focusing on software development.

- Provided facility to manage administrators by adding, deleting, or editing new admins.
- Created a Dashboard with pie charts to display total subscribers and plans.
- Designed reusable components such as subscribers, manage admin, books, plans, camp management, users, admin, profile, operations, transaction, and clients.
- Integrated JAVA REST APIs for system requirements and used Postman as dependency breaker from backend for testing APIs.
- Contributed in the Frontend development of the project by creating pages using Angular, Angular Material, and Bootstrap.
