

Yevanna Kannur

Frontend Web Developer

Badlapur • 9156400823 • yevannakannur@gmail.com • linkedin.com/in/yevanna-kannur-28aa53205/

Front-End Web Developer with 3+ years of experience in React.js, Next.js, HTML, CSS, and JavaScript. Skilled in building responsive, user-friendly web applications and transforming complex requirements into intuitive interfaces. Currently expanding expertise by learning React Native to build cross-platform mobile applications. Focused on delivering high-quality, scalable solutions that enhance user experience and engagement.

RELEVANT WORK EXPERIENCE

Leo Coders Private Limited

Feb 2024 – Current

Frontend Developer

- Leo Coders is a prominent IT, digital, and business solutions provider based in India. The company specializes in delivering custom software and app development services tailored to diverse industries.
- At Leo Coders, I contributed to the development and implementation of user interfaces, leveraging modern technologies such as React.js, Next.js, HTML, CSS, Bootstrap, Tailwind CSS, and JavaScript. My efforts ensured visually appealing, and highly responsive designs, enhancing user experiences.
- I consistently met project deadlines while maintaining high-quality standards, showcasing my ability to work efficiently in fast-paced, dynamic environments.

ITLH, Belapur, Navi Mumbai

Sep 2022 - Jan 2024

Frontend Developer

- ITLH is a versatile company excelling in both product and service domains, with a focus on designing and delivering tailored solutions to meet diverse client needs.
- At ITLH, I played a pivotal role in developing and enhancing web applications by creating dynamic and responsive web pages using HTML, CSS, Bootstrap, JavaScript, React.js, and Laravel.
- I ensured strict adherence to Figma design guidelines for consistent and visually appealing user interfaces, debugged and resolved issues in Laravel to address UI inconsistencies and optimize performance, and seamlessly integrated components and features using Vue.js to deliver a cohesive user experience.

ASINDIA, Bangalore

Aug 2021 - Jul 2022

Web Developer

- Asindia is a service-focused company specializing in designing and delivering tailored solutions to meet client-specific requirements.
- At Asindia, I contributed to the development and functionalization of user interfaces using React.js, and created RESTful APIs with .NET Core.
- I collaborated within the ES2 environment to deploy projects successfully, ensuring smooth and efficient delivery. Additionally, I worked in alignment with Jira sprints to consistently meet project deadlines and milestones.
- This role allowed me to strengthen my technical expertise while effectively contributing to a collaborative, deadline-driven environment.

PROJECTS

Partment (Web Application)

Environment: HTML, CSS, SCSS, Next.js, Bootstrap, Tailwind CSS, JavaScript, Redux, React.

- Revamped old design to align with new Figma designs using Tailwind CSS for improved styling.
- Migrated legacy React code to Next.js, enhancing SEO through sitemaps and Meta tags.
- Developed and implemented new features, integrated APIs, and applied Tailwind CSS for responsive styling.
- Introduced role-based access control and built dynamic landing pages and news sections based on updated designs.

Partment Admin (Web Application)

Environment: HTML, CSS, SCSS, Bootstrap, JavaScript, Redux, React.js.

- Built and enhanced administrative controls with role-based access for different user levels.
- Developed and implemented new features and integrated APIs to improve functionality.
- Addressed critical bugs and deployed updates to ensure smooth system operations.

Bookeez (Web Application)

Environment: HTML, CSS, SCSS, Bootstrap, JavaScript, Redux, React.js.

- Designed and implemented interfaces from Figma designs using HTML, JavaScript, React.js, Bootstrap, SCSS, and JavaScript.
- Enhanced the invoicing process by developing and functionalizing screens to streamline business efficiency.

Atypical Advantage (Web Application)

Environment: HTML, CSS, Bootstrap, JavaScript, PHP Laravel, MySQL.

- Led development of India's largest inclusive platform empowering Persons with Disabilities.
- Translated Figma designs into web pages using Laravel Blade, HTML, CSS, and Bootstrap.

AGV (Web Application)

Environment: HTML, CSS, Bootstrap, JavaScript, PHP Laravel, Vue.js, MySQL.

- Developed and integrated web pages using Vue.js, enhancing interactivity and the user experience of a job portal for private and government sectors.

ICP (Web Application)

Environment: HTML, CSS, Bootstrap, JavaScript, PHP Laravel, MySQL.

- Improved student management system UI and addressed bug fixes within the Laravel framework.

ITLH (Web Application)

Environment: HTML, CSS, Bootstrap, JavaScript, PHP Laravel, MySQL.

- Converted wireframes into dynamic web pages using Laravel, HTML, CSS, and Bootstrap.
- Enhanced user experience by integrating APIs via Axios and improving interactivity with JavaScript

UIUXGLOBAL (Web Application)

Environment: HTML, CSS, Bootstrap, JavaScript, React.js, PHP Laravel, MySQL.

- Built wireframe-based web pages using Laravel and integrated React.js for enhanced user interfaces.
- Integrated APIs with Axios, optimizing data exchange and overall platform functionality.

GCT (Web Application)

Environment: HTML, CSS, Bootstrap, JavaScript, React.js, Node.js, MongoDB.

- Debugged and tested REST APIs to meet client specifications.
- Conducted thorough website testing and created test cases using Jest.

ConnectAI (Web Application)

Environment: HTML, CSS, Bootstrap, JavaScript, React.js, Node.js, MongoDB.

- Debugged and optimized REST APIs to align with client specifications.
- Contributed to seamless doctor-patient interactions via chat and call functionalities.

Astropush (Web Application)

Environment: HTML, CSS, Bootstrap, JavaScript, React.js, Asp.Net Core, MySQL.

- Developed services like Kundli analysis and match-making with a payment gateway integration.
- Managed team responsibilities, tracked progress, and documented client requirements.
- Built web pages using React.js, integrated APIs, and deployed code in ES2 with robust testing.

CERTIFICATIONS

- Udemy Certification in Web Development.
- FreeCodeCamp Certification Responsive Web Design.
- Udemy Certification in React.
- Coursera Certification in Programming with JavaScript.

TECHNICAL SKILLS

Languages: HTML, CSS, SCSS, JavaScript, SQL.

Libraries and Frameworks: React.js, Next.js, Redux, Redux Toolkit, Redux Thunk, React Bootstrap, Bootstrap, Tailwind CSS, Node.js, ASP.NET Core.

Tools and Platforms: Git, GitHub, Bitbucket, Jira.

Databases: MySQL, MongoDB.

Other Skills: REST APIs, API Integration, Responsive Design, Team Collaboration.

EDUCATION

Mumbai University

2020

Bachelor of Science — Information Technology
