

GRAPHIC DESIGNER

RESUME

Hello!

I'm Bhumika Kotecha. I'm a 20-year-old Communication Design student excited to explore the creative world. I've explored a variety of design approaches as my third draws to a close, and I love the challenge of taking on new projects. I'm passionate about discovering new artistic techniques and adore the vivid sense of newness in design! I'm eager to learn everything and explore new ground, from branding to artwork.
