EDUCATION

Bachelor of Engineering, Computer Engineering Indus University, CGPA: 8.8

June 2019 – March 2023

EXPERIENCE (2+ Years)

iKart Solution LLP | Jan 2023 – Current (Software Developer)

- Designed, developed and maintained web and mobile apps using ReactJS, Redux, React Native, AngularJS, and NodeJS, ensuring seamless performance.
- Led key projects (Proclaim, Aclic, ITMS, IoTfied, HKRP, Online Saathi) by optimizing UI/UX, implementing client-driven features, and building reusable components to boost efficiency.
- Collaborated with teams to resolve issues, optimize performance, and apply best practices for scalable, high-quality solutions.

PROJECTS

Proclaim (Claim Management Service)

- Maintained an Australian claims management site using ReactJS and Redux.
- Fixed issues, optimized performance, and implemented client-requested features.
- Explore my work: [Proclaim](#)

Aclic (brand communication agency site)

- Optimized styling and responsiveness for a more user-friendly design. Explore my work: [aclic.in](#)

ITMS (Angola, Luanda City Bus Service)

- Developed the frontend using React and the MIUI theme for the ITMS platform.

IoTfied (IoT Solutions Portfolio Site)

- Developed the entire company portfolio site from scratch using React.
- Optimized styling and integrated a WordPress blog for dynamic content.
- Explore the project: [IoTfied](#)

Online Saathi (Web & Mobile Application)

- Developed the app using React Native with Figma-based design and componentization.
- Built key modules, including Job and Government Schemes applications with agent support.
- Explore the project: [Online Saathi on Play Store](#)

HKRP Report Manager (Comprehensive Report Management System)

- Developed and designed the frontend using AngularJS, ensuring a structured and scalable UI.
- Created reusable Angular components and seamlessly binding live API data for dynamic content management.

TECHNICAL SKILLS

Technology	React Native, ReactJS, AngularJS and NodeJS
Programming	JavaScript, HTML and CSS
Database	SQL / SQLite, pgAdmin 4 (limited exp.)
UI/UX	Figma, Photoshop, Editing, Content creating & writing

ACHIEVEMENTS

- Combined technical skills and creativity to build a strong digital presence as a content creator and influencer, enhancing user engagement and delivering intuitive, visually appealing digital experiences across web and mobile platforms.
