S.S.C Shakti Sewa Sangh

Dahisar (E)
2019

H.S.C K.E.S College

Kandivali (W)
2019-2021

BSC in Information Technology
Shailendra Education Society

Dahisar (E)
2022-2024

EXPERIENCE

June 2024 - Present

Aarav Solution

Engineer : Currently working as an Engineer at Aarav Solutions, where I am deepening my expertise in Odoo's framework, module customization, and implementation. This role has allowed me to enhance my skills in ERP systems while leveraging my proficiency in React.js and PHP to deliver dynamic, user-centric solutions that bridge front-end and backend development seamlessly.

PROJECTS

1. VEGGIEFRUIT FARM

April 5, 2024

Crafted a dynamic, responsive "VeggieFruit Farm" website using HTML, CSS, JavaScript, and Bootstrap, delivering a sleek and engaging user experience. Leveraged Bootstrap's powerful grid system and components to create a mobile-first design, ensuring flawless performance across devices. Focused on clean aesthetics, intuitive navigation, and interactive elements, showcasing a strong command of front-end technologies and modern web design practices.

2. GEMINI AI CHATBOT

Aug 8, 2024

Developed "Gemini AI Chatbot" using React and integrated APIs to create an interactive, natural language processing tool. The chatbot is designed for seamless user interaction, providing real-time, context-aware responses. Leveraged React for a responsive user interface and integrated external APIs to enhance chatbot functionality, enabling dynamic data processing and retrieval. This project showcases my skills in front-end development, API integration, and AI-driven user experiences.

• FIGMA PROJECTS

Dec 2024 to Jan 2025

1. Foody Application

2. Donut Swipe Prototyping Animation
