CERTIFICATIONS

Trainee FULL STACK DEVELOPER

JAVA DEVELOPER (BASIC)

SKILLS

- HTML/CSS/JAVASCRIPT • REACT.JS / • Next.JS • NODE.JS / EXPRESS.JS
- Redux Toolkit
- PROBLEM - SOLVING • Zustan • Tanstack Query • MONGODB / PostgresSql

PROJECT

Shriram Finance Website

- I implemented interactive and user-friendly bank statement forms, ensuring the data input and validation for users. My contribution enhanced the overall usability and efficiency of the website, aligning with the financial requirements of the organization.

API Monitoring and Management Portal

- I developed and integrated features that allowed users to monitor API functionality in real time. Specifically, I implemented with its button to verify the status of APIs, ensuring that users could identify and resolve issues promptly.

AWS Cost Management Module

- I contributed to building a comprehensive cost analysis tool inspired by AWS’s cost visualization features. This module allowed users to filter and view cost data by specific months and dates, providing detailed insights.

Sahayata24x7

- I played a key role in developing the Sahayata24x7 e-commerce platform. This platform enables users to seamlessly select a chemist of their choice, place medicine orders, and even book doctor appointments.
