Experiences -

Bit Shala, Mumbai - Software Developer Engineer, June 2024 – April 2025

- Built responsive and modular UI components using React.js across multiple web applications.
- Integrated third-party APIs and managed dynamic content rendering for better user experiences.
- Participated in Agile development cycles, sprint planning, and team code reviews.
- Focused on reusable code, scalable architecture, and performance optimization.

Wohlig Transformation , Mumbai - Software Developer Engineer, December 2022 – January 2024

- Joined as a fresher and gained hands-on experience in Vue.js (Options + Composition API).
- Built and maintained full-stack features using Vue.js, Bootstrap, Vuetify, Tailwind, and PrimeVue.
- Worked on AngularJS for 2–3 months and ReactJS depending on project needs.
- Collaborated with cross-functional teams on multiple projects simultaneously, handling both frontend logic and UI refinements.

Projects -

Global Insurance Web Application Upgrade [Tech Stack: Vue 3, PrimeVue, Vue Router]

- Migrated legacy AngularJS-based system to Vue 3 using modern component structure.
- Developed Admin, HR, and Employee portals with modular design and reusable UI.
- Created dynamic dashboards, user-role-based access control, and responsive layouts.
- Ensured smoother transition through code refactoring and optimized rendering performance.

SIRO Clinpharm Private Limited - [Tech Stack: Vue.js, Nuxt 2, Vuetify]

- Built medical research and services website for a clinical research organization.
- Developed dynamic routing and SSR setup using Nuxt 2.
- Designed clean UI using Vuetify with form validation, modals, and user workflows.

Surat Dreams – E-commerce Clothing Website - [Tech Stack: React.js, Tailwind CSS, Redux]

- Built a shopping platform for clothing and accessories.
- Developed product listing, cart, filters, and checkout modules.
- Integrated with dummy product APIs and created reusable UI components.

Company Admin Dashboard - [Tech Stack: React.js, Chart.js, React Router]

- Built admin dashboard for internal business analytics and team tracking.
- Implemented charts, data tables, and role-based views.
- Focused on performance optimization and responsive design.

Technical Skills -

Languages: HTML, CSS, JavaScript

Frameworks: React.js, Vue.js, AngularJS, Nuxt.js, Next.js

CSS/UI Libraries: Tailwind, Bootstrap, Vuetify, PrimeVue

Tools: Git, VS Code, REST APIs, Chart.js

Soft Skills -

Team Collaboration • Communication • Adaptability • Leadership

Education -

MSc I.T

Maharashtra College of Arts, Science, and Commerce

Dec 2020 – Jul 2022 | GPA: 7.8

BSc I.T

Maharashtra College of Arts, Science, and Commerce

Jun 2018 – Nov 2020 | GPA: 7.6
