PROFESSIONAL SUMMARY

Experienced Full Stack Developer with 2.5 years of hands-on experience in creating and launching effective web applications using frontend technologies like Angular 15, JavaScript, React, HTML5, CSS3, Bootstrap. Collaborated with backend teams to integrate front-end components with backend APIs, ensuring smooth data flow. Skilled in both front-end and back-end technologies, with a focus on developing user-friendly designs and software solutions. Proven ability to work with diverse teams to transform ideas into functional code.

TECHICAL SKILLS

- **Programming Languages:** Angular, JavaScript, React, HTML5, CSS3, Bootstrap, React.
- **Backend Technologies:** .NET, MySQL, Node.js, MongoDB.
- **Programming Concepts:** OOPs (Object-Oriented Programming), Data Structures.

Professional Experience

Associate Software Developer, 2022 – Feb 2025

Sugee.io Pvt. Ltd – Mumbai

Projects / Role:

Technical used: UI/UX, Angular 15, HTML, CSS, Bootstrap, typescript.

1. Sugee Mobile Application

- **Sugee** is a user-friendly app designed for comprehensive farm and loan management, making it easy to track farming activities and manage finances, including loan repayments.
- **Design:** Involved in the entire UI process from the start, collaborating closely with clients and designers to gather requirements and offer personal insights to simplify and enhance the user interface.
- **Frontend:** Played a key role in UX team, front-end development, coding a user-friendly app using HTML, CSS, Bootstrap and Angular framework and ensuring seamless navigation and usability.
- **Backend:** Implemented backend logic with Node.js, integrated RESTful APIs, and managed data with SQL databases to ensure efficient data flow and functionality.
- **Testing:** Engaged in app testing and quality assurance processes, conducting thorough tests with live data to ensure the app's functionality and performance.

2. Sugee Dashboard

- The Sugee dashboard simplifies society management, streamlines loan approvals through farmer credit analysis, and provides banks with advanced tools for farm performance insights and risk management.
- Contributed in UI/UX for developing web-based dashboard to assist banks and societies with loan processing, farm analysis, and risk management.
- Led the front-end development of key dashboard pages using Angular, creating a responsive, interactive UI aligned with business goals.
- Actively involved in gathering business requirements and collaborating with designers to finalize the UI/UX design.
- Integrated APIs to enable real-time data updates and functional backend connectivity.
- Troubleshoot and resolved UI and logic issues to ensure smooth deployment. Performed end-to-end testing to validate data accuracy, feature performance, and system reliability

Trainee Developer, 2022.

Clever Space – Mumbai

Project /Role:

Butterfly Learning

- Contributed to front-end development by solely creating interactive dashboard pages for a project at Clever Space.
- Utilized React, Angular, HTML5, CSS3, and JavaScript to enhance data visualization and user experience.

Trainee, 2019.

JSW Steels – Dolvi.

- Received training and exposure to automation technologies utilized by JSW.
- Gained valuable insights into the basic operations of JSW, one of the leading companies in the Steel and other sectors

CERTIFICATION:

- 1. Full Stack Web Development MEAN/MERN, 03/2022 - 08/2022, Suven Consultants & Technology Pvt. Ltd.**
- 2. Angular - The Complete Guide (2025 Edition) – Udemy.**

EDUCATIONAL QUALIFICATION

- **2021 - Bachelor of Engineering Computer Science from Pillai HOC College of Engineering and Technology with 7.75 CGPA.**
- **2017 - Class XII from New Horizon Public School, Mumbai, CBSE Board with 70%.**
- **2015 - Class X from New Horizon Public School, Mumbai, CBSE Board with 9.0 CGPA.**
