• Redux

• REST API

• Responsive design approach

• Efficient and clean coding

• Problem-solving skills

PROFESSIONAL EXPERIENCE

CMOTS Infotech

Apr 2023 - Present

At my current company, I handle frontend development using HTML, CSS, JavaScript, jQuery, and React.js. I focus on creating responsive, pixel-perfect UIs and integrating APIs. I collaborate with backend teams for smooth data handling. I also work on legacy sites to improve UI and responsiveness.

Wolfx Digital Agency

May 2022 - Mar 2023

Developed responsive web interfaces using HTML, CSS, and JavaScript. Translated Figma designs into functional UIs with cross-browser compatibility and performance optimization.

The Modern School

PROJECTS

Completed 50+ web projects across industries, focusing on frontend development, responsive UI/UX, full app builds, codebase maintenance, and backend integration.

Projects include: *Mahindra Manulife, Arihant Capital, Bob Caps, Tradecues, Mangal Keshav, Curated Carts etc.*

• Capital Market

<https://www.capitalmarket.com>

• Capitaline AWS

<https://alpha.capitaline.com>

Worked as a frontend team member using React.js, building key UI components with reusable logic and responsive design. Integrated REST APIs and improved user experience through interactive, intuitive interfaces.

• Anand Rathi

<https://trackarweb.anandrathi.com>

• Bajaj Capitals

<https://justtrade.in/>

Developed a complete portfolio project from scratch using HTML, CSS, and JavaScript, featuring a modern, responsive dashboard layout. Focused on pixel-perfect design, smooth animations, and detailed interactivity. The project emphasizes visual appeal and an enhanced user experience.
