Highly proficient React.js developer with 3 years of hands-on experience in frontend development, website security, API integration, and Linux environments. Possessing extensive experience in crafting robust and secure web applications, adept at implementing best practices across the entire development lifecycle. Expert in building dynamic and responsive user interfaces using React.js, including state management with Redux and Context API, component-based architecture, hooks, and performance optimization techniques.

SKILLS:

- Javascript
- Git
- Bootstrap
- Tailwind CSS
- React js
- HTML
- Nginx
- SQL
- Next JS
- CSS
- GitHub

EXPERIENCE:

✓ Web Developer - React JS | IN10 Media Network Pvt. Ltd. Jogeshwari, Mumbai

[Jan 2023 - Present]

As a React developer for OTT Websites, I oversee end-to-end development, covering frontend, backend, and database management, along with server tasks.

Key Responsibilities and Achievements:

- Full-stack development of OTT Websites and Telco Products, handling both frontend and backend tasks. Creation and implementation of new features and functionalities, ensuring seamless user experiences. Comprehensive testing, debugging, and providing technical support throughout the development lifecycle.
- Implemented secure server-side APIs using Node.js and Express, acting as a proxy between the frontend and external/internal services.
- Continuous monitoring and optimization of website performance to enhance user engagement and satisfaction. Efficient management and configuration of servers to maintain optimal system performance and security.
- End-to-end server activities involvement, including version control, code review, pull request management, deployment, and server configuration.

✓ Software Engineer - React JS | Cogoport Private Limited Andheri, Mumbai

[Dec 2021 - June 2022]

As a React developer, I designed and developed some of the UI components for logistics features such as Paylater, Manage Subscriptions, and Demo Session.

Key Responsibilities and Achievements:

- Worked on UI mostly.
- Reporting and Analytics.
- Scalability and Performance Optimization.

✓ **Technical Specialist | Wysetek Technologists Systems Pvt Ltd, Mumbai**

[Dec 2020 - Oct 2021]

As a Data protection specialist and used backup software like Veritas Backup exec and Veritas DLO.

Key Responsibilities and Achievements:

- Schedule the backup of data files.
- Provide technical support and training.
- Perform daily, weekly, and monthly backups.
