EDUCATION

Shree L.R. Tiwari Degree College of Arts, Commerce & Science , **Mumbai, India**
Pursued Bachelor of Science in Information Technology (**BSC-IT - 2023**) , **7.85 CGPA**

PROFESSIONAL EXPERIENCE

Unified Mentor, Remote

Frontend Developer Intern

Feb 2025 - May 2025

- Contributed to the development of a production-ready blog platform using **React.js** and **JavaScript** in a team-based Agile environment.
- Integrated **Appwrite** backend services for user authentication, secure data handling, and media upload workflows.
- Translated design mockups into clean, maintainable UI components using **Tailwind CSS**, ensuring responsiveness across devices.
- Collaborated on version control with **Git** & **GitHub**, participated in daily scrums, and resolved bugs through code reviews and testing.

PROJECTS

Blog WebApp : <https://blog-appwrite-henna.vercel.app/> 

- Developed a full-stack blog application with user authentication, post CRUD operations, and image uploads using **Appwrite's Auth, Database, and Storage APIs**.
- Integrated a rich text editor (**RTE**) for formatting post content and used **React Hook Form** for efficient form handling and validation.
- Implemented protected routes, dynamic post pages, and role-based access control, enabling authenticated users to securely create, edit, and delete blog posts.
- Developed secure and responsive UI flows with dynamic rendering and real-time image previews using **Appwrite SDK**.

Eshop Website : <https://eshop-website-five.vercel.app/> 

- Developed a fully **frontend**, responsive **Single Page Application (SPA)** for an e-commerce store using **React**, featuring smooth client-side navigation and dynamic UI rendering.
- Built modular and reusable **UI components** such as product cards, category filters, and banners using **Tailwind CSS** with a mobile-first approach.
- Implemented page-level routing, structured layouts, and a **dark mode toggle** using Tailwind's theme utilities to enhance UX and accessibility.
- Optimized frontend performance by compressing assets, adding interactive UI effects, and following a **scalable, component-based architecture**.

KEY SKILLS

PROGRAMMING

- HTML5
- CSS3
- JAVASCRIPT(ES6+)

FRAMEWORKS & LIBRARIES

- REACT.JS
- REDUX
- TAILWIND CSS

TOOLS

- VITE
- GIT
- GIT HUB
- VS CODE

OTHERS

- APPWRITE SERVICES
(Auth, database,
Storage,)

ADDITIONAL

- Language : English , Hindi
- Certification : Certified in **"Introduction to Front End Development "** by Simplilearn Skillup
