PROFILE

Full-Stack Developer specializing in Python and Django, with expertise in HTML, CSS, JavaScript, and SQL. Skilled in building robust, scalable web applications with clean, maintainable code and responsive designs. Proficient in both front-end and back-end development, ensuring seamless user experiences and efficient server-side performance. Dedicated to delivering high-quality projects on time while continuously updating skills to stay current with industry trends.

PROJECTS

E-ECOMMERCE WEBSITE. An E-commerce Developed a high-performance E-commerce website for a Food Shop using Python and the Django framework. Key features include secure user authentication, efficient product catalog management, dynamic shopping cart functionality, streamlined order processing, user profile management, and secure payment integration. Employed HTML, CSS, Bootstrap, and JavaScript to create a responsive and user-friendly frontend. Focused on delivering a seamless, reliable, and intuitive shopping experience.

NETFLIX CLONE. Creating a Netflix clone using Python Django involves building a web application that mimics the functionality of the popular streaming platform. This project typically includes features such as user authentication, content catalog management (movies, TV shows, etc.) user profiles, search functionality, recommendation systems, and video streaming capabilities. It requires integrating Django for backend development, along with HTML, CSS, JavaScript, and possibly frameworks like Django.

DJANGO-CRUD-OPERATIONS. Django is a Python web framework, operates on MVT architecture, emphasizing CRUD operations—Create, Retrieve, Update, and Delete—across database tables. CRUD involves adding, accessing, modifying, and removing data within tables. Django's MVT structure streamlines these tasks, ensuring smooth data management in web applications.

EDUCATION

Bachelor of Science in Information Technology, Mumbai University
S.M.Shetty College of Science, Commerce Management, Mumbai

2022 - 2023

IT Vedant Training Institute
Full Stack Web Development with aws

2023 - 2024

PROGRAMMING SKILLS

programming Languages	Python/JavaScript
Frontend	Html/Css
Framework	Bootstrap/Django
Database	RDMS (SQL)
Developer Tools	VS Code, Jupyter

CERTIFICATIONS

Web Designing Essential	issued by It Vedant
Foundation of Sql	issued by It Vedant
Python for Development	A course on IT vedant Powered By - IBM

HOBBIES

- Passionate about cricket, actively participating in local matches and following international tournaments. Enjoy analyzing player strategies and statistics to enhance my own game. Additionally, I love discussing cricket news and matches with friends and fellow enthusiasts
