EXPERIENCE

Sr. Frontend Developer – IXIA Solutions LLP.

Mahape, Navi Mumbai | July 2018 – Present

Client: Anthology Inc. (formerly Campus Management Corp)

Collaborated with U.S.-based architecture teams to develop scalable components for the CampusNexus educational enterprise platform.

- Led frontend development for global university clients using Angular and React, focusing on responsive, accessible UIs.
- Developed 30+ reusable components for the Campus Nexus platform, boosting development efficiency by **40%**.
- Reduced UI defect rate by **25%** through standardized component libraries in collaboration with U.S. architecture teams.
- Delivered and maintained 10+ core modules (Student Info, CRM, Finance, HR, Payroll), supporting 100K+ users.
- Achieved **100% WCAG 2.1** accessibility compliance.
- Increased test coverage to **90%** using 50+ automated/manual tests with Playwright.
- Enhanced frontend performance by **30%** through architectural optimizations.
- Contributed backend .NET unit tests, reducing post-deployment bugs by **20%**.

Additional Effort : Here I consider myself as full stack developer as I got a change to work on .net backend adding and modifying the backend code as per business logic along database changes. Also developed Unit test in .net.

Project Support: Flinn.com (Online Education Portal),
